These Services include but are not limited to the following:

Commercial Online Banking	Image Archive Services	Spot Foreign Exchange Transaction Services

Many of the Services are available for use through traditional means of financial commerce as well as through the use of Commercial Online Banking Services offered by Bank. The execution of the Treasury Management Services Agreement (the “Agreement”) obligates the parties with regard to the general terms and conditions related to use by Customer of any Service or Services offered by Bank, regardless of whether such Service is performed traditionally, online or through some combination thereof. Nonetheless, before Customer begins using any of the Services, Customer must mail or deliver a duly authorized and executed copy of the Agreement to Bank for review and approval.

(b) Enrollment in a Service or Services. Enrollment in any individual Service requires the completion of the Treasury Management Services Request (the “Request”). Enrollment in a Service or Services is accomplished by obtaining, completing and signing the Request, and submitting it to Bank.

2. ACCOUNTS.

(a) Generally. Customer agrees to maintain a minimum of at least one (1) commercial checking account (“Demand Deposit Account”) with Bank with funds sufficient to cover the transactions initiated pursuant to the Agreement, and to cover fees required to pay for Services provided thereunder.

(b) Business Purpose. Customer agrees that only Demand Deposit Accounts, or other deposit accounts, or other asset accounts (individually referred to as a “Deposit Account” or “Account”; collectively, “Deposit Accounts” or “Accounts”) established exclusively for business purposes will be used for transactions pursuant to the Agreement, and that in no event will transactions hereunder be conducted using Deposit Accounts of Customer or its employees, officers, directors, members, or owners that were established primarily for personal, family or household purposes.

(c) Authorization for Transfers to and from Accounts. Customer expressly authorizes Bank to debit the appropriate Deposit Account in the amount of any bank transfer initiated by Customer and pursuant to the Agreement, or initiated by any other person Customer authorizes to access Deposit Account(s). Customer agrees that Bank: (i) may treat any bank transfer, whether initiated online or otherwise, from a Deposit Account the same as a duly executed written withdrawal, transfer, or check; (ii) may treat any bank transfer to a Deposit Account the same as a deposit by cash or check; and (iii) may treat any bank transfer to a loan account held by Customer the same as a loan payment to Bank, all in accordance with the terms of the Agreement and Customer’s agreement with Bank governing the Deposit Account (the “Deposit Account Agreement”) or Customer’s agreement with Bank governing any such loan account (the “Loan Account Agreement”), as applicable.

(d) Account Limitations. Customer’s ability to initiate bank transfers between Deposit Accounts may be limited by federal law or by the terms of the applicable Deposit Account Agreement or the applicable Loan Account Agreement. Bank transfers from Deposit Accounts that are savings or money market deposit accounts are

limited as required by federal regulation in effect at the time a bank transfer is initiated. Customer agrees that Bank may, without notice or other obligation to Customer, for security reasons or as otherwise expressly provided in this Agreement, the Deposit Account Agreement or the Loan Account Agreement, (i) refuse to make any bank transfer, or (ii) refuse to accept a Digital Deposit.

- (e) Customer Printed Checks. Bank reserves the right, with respect to any and all of the Services, to require Customer to submit any non-Bank printed checks (i.e. checks that are printed by Customer, or printed by an independent printer at the request of Customer) for Bank's review and approval regarding format, size and other requirements. If Bank exercises such review and approval right for any of the Services, Customer shall be required to submit such non-Bank printed checks for Bank's review and approval prior to Customer using such non-Bank printed checks.

3. THE AGREEMENT.

- (a) Generally. The terms and conditions of the Agreement, including the Request, any Service Setup Detail forms, these Treasury Management Services - Procedures, Terms and Conditions, and all attachments, authorizations, schedules and exhibits, together with all amendments or modifications thereto, are cumulative with and in addition to any terms of the Deposit Account Agreements and related Deposit Account signature cards and authorizations, Funds Transfer Agreements, Loan Account Agreements, the applicable Deposit and Loan Account disclosures, Bank's service schedule, Bank's policy regarding availability of funds, any credit account agreements relating to any credit accounts Customer may have with Bank (together, the "Bank Agreements, Schedules and Disclosures"), the rules and regulations of any federal or state agency that supervises Bank's activities or insures accounts at Bank, any applicable clearinghouse operating rules and guidelines, including, but not limited, to those of the National Automated Clearing House Association ("NACHA"), any other applicable local clearing house association, and any applicable operating rules, standards and guidelines of the Society for Worldwide Interbank Financial Telecommunications ("SWIFT"), all as may be amended from time to time.
- (b) Inconsistencies. To the extent expressly provided for otherwise herein, should any inconsistency exist or arise between the terms of the Agreement, as relates to any Service or Services, and the terms of any other Bank Agreements, Schedules and Disclosures, the terms of the Agreement shall control, but only to the extent of the inconsistency. Furthermore, to the extent expressly provided for otherwise herein, should any inconsistency exist or arise between the General Provisions of the Agreement and the applicable Service specific provisions, the terms of the Service specific provisions shall control, but only to the extent of the inconsistency.
- (c) Amendment. Bank may amend the Agreement from time to time. If no federal or state law specifically governs an amendment, then at least ten (10) calendar days prior to the effective date of the amendment, Bank will deliver notice to Customer of the amendment as provided for in Section 4 of these General Provisions. Notwithstanding the foregoing and to the extent permitted by applicable law, Bank may amend any term of the Agreement without prior notice or obligation to Customer: (i) if a service provider changes any term without providing Bank sufficient prior notice to enable Bank to timely notify Customer; (ii) for security reasons; (iii) to comply with applicable law; or (iv) as otherwise expressly provided in the Agreement. Use by Customer of the Service(s) following the effective date of any amendment(s) shall constitute Customer's acceptance of and agreement to the amendment(s). If Customer does not agree to the changes as set forth in an amendment, Customer may choose to terminate the Service(s) affected by the amendment prior to the effective date of the amendment by discontinuing further use of the Service and following the procedures set forth in Section 27 of these General Provisions. Unless otherwise provided for herein, the Agreement may not be amended or modified unless agreed to in writing by Bank.

4. NOTICES AND INSTRUCTIONS.

- (a) Generally. Unless otherwise stated in the Agreement, all notices required pursuant to the Agreement and the Services shall be in writing. Bank shall be entitled to rely on any written notice or other written, electronic or telephone communication believed by it in good faith to be genuine and to have been initiated by an authorized representative of Customer to Bank. Any such communication will be deemed to have been authorized by

Customer. The parties agree that Bank's records of telephonic or electronic instructions shall be conclusive evidence of the actual notice or instructions given by Customer and recorded by Bank.

- (b) Data Recording. Customer consents to Bank's recording and monitoring of any telephone conversations and online transmissions or communications including, but not limited to, requests or instructions. Bank, however, has no duty to record or monitor such telephone conversations or online transmissions and communications, and the election to record and/or monitor is within Bank's sole discretion.
- (c) Delivery of Notices, Disclosures, Amendments or Other Communications by Bank. Customer acknowledges and agrees that, to the extent permitted by applicable law, Bank may deliver all notices, disclosures, amendments or other communications required hereunder to Customer by e-mail at Customer's e-mail address listed as the contact information of record for the Customer that is on file with Bank, as such notification information as may be amended in writing by Customer from time to time upon notice to Bank. To the extent permitted by applicable law, Customer agrees that each such communication will be binding and enforceable to the same extent as if it were delivered to Customer in writing by regular mail, branch posting, or in person.
- (d) Electronic Mail Communication. Customer may send e-mail to Bank and receive e-mail from Bank. (i) Communications sent to Bank over the Internet are considered unsecured unless the information is encrypted with the equivalent of 128-bit encryption technology, or transmitted via a secure session using a commercial reasonable security technology that provides a level of security that is equivalent to 128-bit RC4 encryption technology. (ii) Customer agrees that unsecured e-mail will not be used to deliver sensitive personal or private information that includes, but is not limited to bank routing numbers, account numbers, Social Security numbers, Business ATM & Checkcard numbers, personal identification numbers ("PINs"), home addresses, User IDs, Passwords, ACH entries, or to provide required notices to Bank pursuant to any agreement Customer has with Bank, unless such agreement expressly provides for e-mail notification. (iii) **CUSTOMER ACKNOWLEDGES AND AGREES THAT ANY REQUEST(S) SENT TO BANK THROUGH AN UNSECURED ELECTRONIC NETWORK ARE IN VIOLATION OF BANK AND NACHA POLICY AND PROCEDURES. CUSTOMER UNDERSTANDS AND AGREES THAT BANK IS NOT LIABLE FOR ANY LOSS OR DAMAGE INCURRED BY CUSTOMER WHEN AN UNAUTHORIZED PERSON GAINS ACCESS TO ANY SUCH E-MAIL. CUSTOMER AGREES TO INDEMNIFY AND HOLD BANK HARMLESS IF BANK ACTS WITH ORDINARY CARE IN GOOD FAITH BY RESPONDING TO ANY E-MAIL PURPORTED TO BE SENT BY CUSTOMER. BANK'S IMPLEMENTATION OF ITS NORMAL PROCEDURES REGARDING RECEIPT AND MAINTENANCE OF CONFIDENTIAL INFORMATION CONSTITUTES ITS EXERCISE OF DUE CARE.** (iv) E-mail transmitted by Customer to Bank may not be delivered to Bank immediately. If Customer needs to contact Bank immediately to stop a payment, to report an unauthorized use of Customer's User ID, to report unauthorized access to an account, or for any other reason, Customer shall contact Bank by telephone at the telephone number provided herein, or in person. Bank will not be responsible for acting on or responding to any e-mail request made until Bank actually receives Customer's e-mail message and Bank has a reasonable opportunity to act. (v) Customer should check its e-mail regularly as Bank may attempt to notify Customer by e-mail in the event of any technical difficulties or other occurrence that may affect Bank's online Services.
- (e) Address for Notification. 5. SUBMISSION OF INFORMATION AND DOCUMENTS; PRIVACY.

- (a) Delivery of Documents. Customer agrees to deliver, in a form and content satisfactory to Bank, such additional executed, or as the case may be, certified, documents required by Bank from time to time to obtain and to continue to receive the specific Service(s) requested by Customer, including Deposit Account signature cards, declarations, authorizations, resolutions, implementation documents and updated financial statements. In addition, Customer shall execute Bank's "Treasury Management Services Guaranty" immediately upon Bank's request in the event that Bank, in its sole discretion, requires Customer to execute such guaranty to either: (i) receive initial Bank approval for Bank's provision of specific Service(s) to Customer; or (ii) continue receiving specific Service(s) from Bank if there is an occurrence of a material change in Customer's credit and/or risk analysis criteria and Bank determines, in its sole and absolute discretion, that such guaranty is necessary to satisfy Bank's credit and risk management criteria. If Bank requires Customer to execute a "Treasury Management Services Guaranty" and Customer refuses, Bank may, in its sole and absolute discretion, either refuse to enter into this Agreement and refuse to provide specific Service(s) to Customer, or discontinue providing specific Service(s) and/or immediately terminate any existing Agreement with Customer in accordance with Section 27 of this Agreement.
- (b) Electronic Records Disclosure (E-SIGN Disclosure). Customer understands that Customer's Contracting Executive must read this Electronic Records Disclosure carefully and keep a copy for Customer's records. In order to register for and use the Services (including any Mobile Banking Treasury Management Services), Customer is agreeing to the electronic delivery of legal disclosures, agreements, instructions, communications, online statements (if Customer selects Online Statement Delivery), and other notices related to such services, and Customer is also agreeing to electronic delivery for all other legal disclosures, agreements, instructions and communications relating to Customer's current Deposit Accounts or any future Deposit Accounts Customer has with Bank. If at some point in the future Customer no longer wants to receive the legal disclosures, agreements, instructions, communications and online statements (if applicable) electronically, then Customer understands that Customer may withdraw their consent for electronic delivery of such items, and that Customer will not be charged any fee for withdrawing their consent, but that doing so will not affect the legal effectiveness, validity or enforceability of electronic disclosures or records that were made available to Customer prior to the implementation of Customer's withdrawal of consent for electronic delivery. Customer also understands that Customer has the right to request that Bank provide to Customer any record that was provided electronically, or any other record, in paper or non-electronic form, although Customer is aware that charges and fees for such non-electronic copies may be charged in accordance with Bank's current fee schedule. To withdraw consent for electronic delivery, to update Customer's contact information, or to request a paper or non-electronic copy of any record or document, Customer must either: (i) write to Bank at Frost Bank, Treasury Management Customer Service, P.O. Box 1600, San Antonio, Texas, 78296; (ii) use a method that may be made available to Customer on Bank's website (www.frostbank.com); or (iii) contact Frost Treasury Management Customer Service at (888) 481-0336. To receive an electronic copy of all required disclosures regarding Mobile Treasury Management Services and Customer Deposit Accounts, including related legal disclosures, agreements, instructions, communications and online statements (if applicable), Customer must comply with the system requirements as set forth in this Agreement or any additional documentation provided by Bank to Customer relating to this Agreement. To retain a copy of such materials, Customer's system must have the ability to either download (e.g. to their hard disk drive, diskette, CD-ROM or other storage device) or print portable document format ("PDF") or HTML files. Customer must have a functioning printer connected to a personal computer or other access device, which is able to print the related legal disclosures, agreements, instructions, communications and online statements (if applicable) on plain white 8 1/2 x 11 inch paper. By executing this Agreement, Customer represents and warrant that: (i) Customer has read, understood and

agreed to this Electronic Records Disclosure; and (ii) the devices that Customer will use to receive the legal disclosures, agreements, instructions, communications and online statements (if applicable) meet the system requirements to access information and to retain information as stated in this Agreement.

(c) Provision of Information. Prior to initiating a new Service, Customer agrees to provide all information which Bank may request including specifications, test results, check samples, transmissions and documents. In the event that Bank determines, in its sole discretion, that any specification, test result, sampling, transmission or document does not meet its requirements, Bank may advise Customer that Customer will not be eligible to obtain the Service(s) until requested information that is satisfactory to Bank is provided by Customer.

(d) Authorizations.

(i) By providing the Authorization, Customer authorizes the individual(s) named therein to be Contracting Executives and Services Managers (collectively, the “Authorized Parties”).

“Contracting Executives” have the authority: to sign the Agreement and any addenda thereof; to accept on behalf of Customer the terms and conditions governing the use of Services, including acceptance of Security Procedures (as defined below); to enroll in, modify features of or terminate Services; to appoint and remove Services Managers (as defined below); to appoint and remove Service Setup Administrators (as defined below) to provide the required information to set up and administer Services; to perform the functions of a Service Setup Administrator; to authorize and remove the authorization of individual Users (as defined below) who perform transactions related to a Service or Services; and to perform transactions related to any Service hereunder.

“Services Managers” have the authority: to enroll in, modify features of or terminate Services; to sign addenda to the Agreement as they relate to Services; to appoint and remove Service Setup Administrators who provide the required information to set up and administer Services; to perform the functions of a Service Setup Administrator; to authorize and remove the authorization of individual Users who perform transactions related to a Service or Services; and to perform transactions related to any Service hereunder.

“Service Setup Administrators” have the authority: to provide instructions to set up and administer the Service or Services assigned to them on the Treasury Management Services Request Form, including the authority to add or remove Deposit Accounts or Service features; to authorize and remove authorization of individual Users who perform transactions related to a Service or Services; to perform transactions related to any Service hereunder; and as solely relating to Online Banking, to perform the functions of “User Setup Administrator” (as defined in the Online Banking Service specific provisions herein), or to delegate such authority to serve as User Setup Administrator. Using online self-administration a User Setup Administrator is able to authorize and remove the authorization of individual Users who perform transactions related to a Service or Services; grant access to specific Deposit Accounts and Service functions; re-set passwords; audit Service activities of Users who perform transactions related to a Service or Services; perform transactions related to any Service hereunder. If Customer chooses, Bank’s Online Banking self-administration functionality permits Customer to appoint more than one User Setup Administrator to segment duties or establish controls. Although segmenting duties among more than one individual can serve to establish internal controls, Bank cannot prevent a particular User Setup Administrator from granting the assigned functionalities that particular User Setup Administrator has been delegated to other User Setup Administrators, Services Setup Administrators or Users. As Online Banking provides online access to a number of Services, the authority for the specific Service Setup Administrator assigned to Online Banking will supersede the authority of other Service Setup Administrators to the extent necessary to ensure unanimity of authority whenever a Service is provided through Online Banking (i.e. including, but not limited to Online Wire Transfers, ACH, Positive Pay and Lockbox). Bank may rely on the Authorization to be a true and correct representation of Customer’s authorizations.

(ii) Prior to utilizing any specific Service, Customer shall furnish Bank with documentation in form and content satisfactory to Bank, naming Customer’s employees, agents and third party vendors hired by Customer to perform any of the transactions required by Customer under the Agreement and naming those individuals who are authorized to act on behalf of Customer with respect to the Service (the “Users”).

(iii) **CUSTOMER AGREES THAT IN THE EVENT CUSTOMER DESIRES TO NAME ADDITIONAL SERVICES MANAGERS OR REMOVE THE AUTHORITY OF AN EXISTING SERVICES MANAGER, CUSTOMER MUST PROVIDE BANK WITH WRITTEN INSTRUCTIONS ADVISING BANK OF THE CHANGE IN AUTHORITY SIGNED BY A PERSON NAMED AS A CONTRACTING EXECUTIVE ON THE MOST CURRENT AUTHORIZATION. CUSTOMER AGREES THAT BANK WILL RELY ON THE MOST CURRENT AUTHORIZATION AND THE MOST CURRENT SERVICE-RELATED USER AUTHORIZATIONS SUPPLIED BY CUSTOMER AND, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, BANK SHALL HAVE NO LIABILITY FOR UNAUTHORIZED ACTIONS TAKEN OR TRANSACTIONS PERFORMED BY THOSE INDIVIDUALS NAMED AS AUTHORIZED PARTIES ON THE CURRENT AUTHORIZATION OR AS USERS ON SERVICE-RELATED AUTHORIZATIONS.**

(iv) Customer understands and agrees that any employees or applicants for employment with Customer who are or may become Authorized Parties, Service Setup Administrators, User Setup Administrators or Users, or may otherwise have any responsibility for handling Customer's financial affairs (including processing, writing or receiving checks or electronic transfers, handling account statements or other financial information, conducting Digital Deposits which includes both Remote Deposit Capture or Lockbox Services – Remote Services) such as scanning or storing Original Checks, or creating, transmitting or storing Substitute Check images, or acting otherwise in a responsible manner regarding Customer's financial affairs (all definitions, terms and conditions regarding Digital Deposits are set forth in the Frost Deposit Account Agreement) have been asked specifically whether they have ever been convicted of a felony, that a thorough background check of such employee or applicant has been conducted, that a system of reasonable financial controls is in place and that Customer has instituted a program that encourages Customer's employees to report fraudulent or dishonest activities to Customer's management.

(e) Privacy. Customer authorizes Bank to share information about Customer and Customer's Services with affiliates and third parties, unless the law or Bank's Privacy Statement prohibits Bank from doing so. Please see Bank's Privacy Statement for your choices about information sharing. It is possible that third parties involved in the negotiation, mediation, and arbitration protocol, such as lawyers, accountants, or contractors, who offer products or services to the public may also be Frost customers. Bank provides this information only as a courtesy and convenience to Customer. Bank does not make any warranties or representations about the third parties or their products or services. Bank is not responsible for the third party's performance or for helping resolve any dispute between you and the third party.

6. SECURITY PROCEDURES; HARDWARE AND SOFTWARE REQUIREMENTS; CUSTOMER'S DATA SECURITY OBLIGATIONS; LIMITATION ON LIABILITY; RESPONSIBILITY FOR LOSS.

(a) Security Procedures under the Agreement. Where required for any Service, Bank and Customer will agree in writing to one or more security procedures ("Security Procedures") that must be used by Bank and Customer in connection with the Service(s). Security Procedures offered by Bank are described herein and in documentation related to the applicable Service. As part of the Security Procedures, Bank may employ various authentication technologies. As part of Bank's "Commercial Online Banking Services" for commercial Customers, Bank employs various security and authentication technologies to ensure that Authorized Parties and Users are communicating directly with Bank, and also to ensure that Customer's computer is communicating with a legitimate Bank computer. Such Bank authentication procedures and technologies include, but are not limited to, use of Customer Online Banking Services User IDs, passwords and other "Additional Authentication Information" ("AAI") that Bank may require Customers to provide at Bank's sole discretion. Such AAI is required as a component of various Online Banking Services authentication procedures that Bank may employ, including, but not limited to, security questions and responses and/or use of other hardware-based and software-based security and authentication tools, programs and procedures. Customer is responsible for the establishment and maintenance of its internal procedures reasonably adapted to insure the confidentiality and security of Security Procedures. **CUSTOMER UNDERSTANDS AND AGREES THAT CUSTOMER WILL BE RESPONSIBLE FOR MAINTAINING SECURITY AND CONTROL OVER ALL USER IDS AND PASSWORDS OF CUSTOMER'S AUTHORIZED PARTIES, SERVICE SETUP ADMINISTRATORS, USER SETUP ADMINISTRATORS AND USERS, AND SHALL USE SECURITY FOR SUCH ITEMS COMPARABLE TO THE SECURITY AND CONTROL CUSTOMER WOULD USE FOR CASH, OR A MECHANICAL CHECK-**

SIGNING MACHINE, BUT IN NO EVENT LESS THAN REASONABLE SECURITY AND CONTROL IN THE CIRCUMSTANCES. If Customer or its employees or agents have reason to believe that any Security Procedure has or may have become known by unauthorized persons (whether or not employed by Customer), Customer shall immediately notify Bank by telephone and confirm such oral notification in writing to Bank within twenty-four (24) hours of the oral notification. Bank will replace the Security Procedures in accordance with Bank's standard security requirements related to the applicable Service(s). To the maximum extent permitted by applicable law, Customer will be solely liable for all transactions, including funds transfer instructions and other communications, initiated before Bank has received such notification and has had a reasonable opportunity to act on such notification. Bank reserves the right to change any or all of the Security Procedures offered and/or used at any time by giving oral or written notice to Customer. Customer agrees that its use of the related Service or Services after Bank provides notice of such changes constitutes Customer's acceptance of the new Security Procedures. Customer acknowledges that the purpose of Security Procedures is to authenticate the identity of the person initiating the action, not to detect errors in any transmission or content. Bank is not agreeing to any security or other procedure for the detection of errors. Customer represents that for the Service or Services it requests, it considers the Security Procedures to be commercially reasonable with respect to the size, type, and frequency of funds transfers it anticipates issuing and the information which will be transmitted.

- (b) Hardware and Software Requirements. The Services provided by Bank can be accessed through Bank's web pages at frostbank.com and frostconnect.com. To access the Services online, Customer must own or have access to equipment and software (including web browser software) that allows Customer to access the Internet (collectively, the "Computer"). Customer must utilize an up to date web-browser with the best commercially available encryption, antivirus, anti-spyware, and internet security software. Customer understands that if a web browser is used that does not support the best commercially available internet security software, the security of Customer's transactions related to any Service may be compromised and thus not in compliance with the Security Procedures required by Bank. Customer further understands that installation, maintenance, and operation of Customer's Computer are Customer's sole responsibility. Bank is not responsible for any errors or failures of Customer's Computer, including but not limited to, any virus or Internet related problems that may be associated with Customer's access and use of the Services online. Bank reserves the right as encryption technology develops to impose further reasonable restrictions or requirements to maintain the appropriate level of security for the transactions contemplated hereunder and Customer agrees to abide by such restrictions or requirements or discontinue the Service or Services hereunder.
- (c) Customer's Data Security Obligations. With regard to obtaining any Services under this Agreement, Customer must comply with the Computer (as defined herein) hardware, software, and Security Procedures requirements as set forth in these General Provisions and/or as set forth in any Service specific provisions or any supplemental information and/or instructions provided by Bank. Bank reserves the right as encryption technology develops to impose further reasonable requirements to maintain the appropriate level of security for the Services and transactions contemplated hereunder and Customer agrees to abide by such requirements. Furthermore, Customer understands and acknowledges that if Customer does not follow commercially reasonable hardware, software, physical access and physical storage security procedures regarding any Customer-owned Data (defined herein), including such data containing the sensitive personally identifiable information ("PII") of any individual, the security of Customer's transactions and/or Customer-owned Data (including sensitive PII) may be compromised. Customer understands, acknowledges and agrees that installation, maintenance and operation of Customer's Computer (hardware and software) and related security procedures, including, but not limited to, data security protection, firewalls and anti-virus software, is Customer's sole responsibility, and that Customer is solely responsible for securing, encrypting, protecting and otherwise safeguarding Customer-owned Data.
- (d) Limitation on Liability. Customer understands, acknowledges and agrees that Bank is not responsible for any loss or damages resulting from any errors or failures of Customer's Computer or data processing systems, including, but not limited to any computer virus or malware attack (such as a keystroke logging program or similar malware), any attack by a person attempting or actually gaining unauthorized access to Customer-owned Data, or any Internet-related problems that may be associated with Customer's access and use of the Services.

- (e) Serious Potential Threat to Customer's Business; Notification to Bank. Customer acknowledges and agrees that the threat of fraud resulting from theft of electronic data is a serious potential threat to Customer's business and, accordingly, Customer will take all reasonable steps to make certain that its Computers and data security systems are protected from unauthorized access or use, and in an event of any unauthorized access or use, Customer will take all reasonable steps to immediately inform Bank of the security breach.
- (f) Responsibility for Loss. If, despite Customer efforts, Customer suffers any damage or loss as a result of Customer's failure to comply with its data security obligations, and regardless of whether such damage or loss results from the activities of Customer's employees, agents, subcontractors or any unaffiliated third party, any such loss or damage shall be the sole responsibility of Customer.

7. BUSINESS DAYS; POSTING; FUNDS AVAILABILITY POLICY DISCLOSURE.

- (a) Business Days. Any day on which a majority of Bank's offices are open to the public for conducting substantially all business functions shall be a "Business Day"; provided, however, that Saturdays, Sundays and federal holidays are not Business Days even if a majority of Bank's offices are open.
- (b) Posting. Transactions (such as deposits, funds transfers, instructions and entries) related to any Service will be posted to the applicable Deposit Account as provided for in Bank's then current Schedule of Funds Availability. Bank may change any cutoff deadline at any time by giving notice, as required by law, of the change to Customer.
- (c) Funds Availability Policy Disclosure. The following funds availability provisions apply to check, cash and electronic deposits to your Account. Please refer to Section A (Funds Availability Policy Disclosure) of Article VII (Digital Deposits) of the Deposit Account Agreement regarding funds availability for Digital Deposits (which include Remote Deposit Capture deposits).
- (i) *Your Ability to Withdraw Funds.* The provisions in this Section and of Section VI.C. (Funds Availability Policy Disclosure) of the Frost Bank Deposit Account Agreement and Other Disclosures apply only to demand deposit checking Accounts. Our policy is to generally make funds from your check deposits available to you on the first Business Day after the day we receive your deposit. Funds from cash and electronic direct deposits will generally be available on the day we receive the deposit. Once funds are available, you can withdraw the funds in cash and we will use the funds to pay checks that you have written. For determining the availability of your deposits, every day is a Business Day, except Saturdays, Sundays, and federal holidays. If you make a deposit on a day that is not a Business Day, we will consider the deposit made on the next Business Day we are open.
- (ii) *Longer Delays May Apply.* In some cases, we will not make all of the funds that you deposit by check available to you on the first Business Day after the day of your deposit. Depending on the type of check that you deposit, funds may not be available until the second Business Day after the day of your deposit. The first \$275 of your deposits, however, will be available on the first Business Day after the day of your deposit. If we are not going to make all of the funds from your deposit available on the first Business Day after the day of your deposit, we will notify you at the time you make your deposit. We will also provide you with an estimate of when the funds will be available. If your deposit is not made directly to one of our employees, or if we decide to take this action after you have left the premises, we will mail you the notice by the Business Day after we receive your deposit. If you will need the funds from a deposit right away, you should ask us when the funds will be available. While we may provide you with an estimate of when the funds will be available, please be advised that the funds are still subject to final settlement.

In addition, funds you deposit by check may be delayed for a longer period under the following circumstances:

- We believe a check you deposit will not be paid.
- You deposit checks totaling more than \$6,725 on any one day.
- You redeposit a check that has been returned unpaid.

- You have overdrawn your Account repeatedly in the last six months.
- There is an emergency, such as failure of computer or communications equipment.

We will notify you if we delay your ability to withdraw funds for any of these reasons, and we will provide you with an estimate of when the funds will be available. They will generally be available no later than the seventh Business Day after the day of your deposit.

- (iii) *Funds Availability Holds on Other Funds (Check Cashing)*. If we cash a check for you that is drawn on another bank, we may withhold the availability of a corresponding amount of funds that are already in your Account. Those funds will be available at the time funds from the check we cashed would have been available to you if you had deposited the check.
- (iv) *Funds Availability Holds on Other Funds (Other Accounts)*. If we accept for deposit a check that is drawn on another bank, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another Account with us. The funds in the other Account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure Section for the type of check that you deposited.

(v) *Funds Availability for Digital Deposits*.

(A) *Your Ability to Withdraw Funds* – These provisions apply only to demand deposit checking Accounts where deposits are made via Digital Deposits. You agree that Electronic Images, as defined below, submitted via Digital Deposits (from either your personal computer or mobile device) are not subject to the funds availability requirements of the Federal Reserve Board’s Regulation CC (“Regulation CC”). Our policy is generally to make funds from your Digital Deposits available to you on the first Business Day after the day we receive your deposit. Funds that are deposited using Digital Deposits will not be deemed “received” by us until we have received an Electronic Image that meets all of the requirements for deposits via Digital Deposits (including all requirements to create a Substitute Check) stated in this Agreement and in the Digital Deposits documentation. An Electronic Image may not be completely “received” even if successfully captured initially via scanner or mobile device until the Frost Bank internal Electronic Image verification process is complete, which can take from 24 – 48 hours. Consequently, even if an Electronic Image captured via scanner or mobile device is initially accepted for image quality, the Frost internal verification process may ultimately reject an Electronic Image as not meeting all of our requirements for Digital Deposits. If Frost has made any funds available to you from an Electronic Image that is initially accepted but ultimately rejected through the Frost Bank Internal Image verification process, Bank will reject the Electronic Image and reverse the dollar amount of such rejected Electronic Image previously credited to your Account. An Electronic Image rejected in this manner is not deemed “received” by us. Once the funds are available, you can withdraw the funds in cash and we will use the funds to pay Items and transactions drawn on your Account. For determining the availability of your deposits, every day is a Business Day, except Saturdays, Sundays, and federal holidays. If you make deposit via Digital Deposits on a day that is not a Business Day, we will consider such deposit made on the next Business Day we are open.

(B) *Longer Delays May Apply* – In some cases, we will not make all of the funds that you deposit via Digital Deposits available to you on the first Business Day after the day of your deposit. Depending on the type of check that you deposit via Digital Deposits, funds may not be available until the second (2nd) Business Day after the day of your deposit. The first \$275 of your Digital Deposits, however, will be available on the first Business Day after the day of your deposit. If we are not going to make all of the funds from your Digital Deposits available on the first Business Day after the day of your deposit, we will notify you at the time you make your deposit. We will also tell you when the funds will be available.

In addition, funds you deposit by check may be delayed for a longer period under the following circumstances:

- We believe a check you deposit will not be paid.
- You deposit checks totaling more than \$6,725 on any one (1) day.
- You redeposit a check that has been returned unpaid.
- You have overdrawn your Account repeatedly in the last six (6) months.
- There is an emergency, such as failure of computer or communications equipment.

The availability of funds you deposit via Digital Deposits may also be delayed for a variety of additional reasons as determined in Bank's sole discretion, including, but not limited to:

- We believe a check you deposit via Digital Deposits is a duplicate image.
- You deposit checks via Digital Deposits totaling more than any applicable daily dollar amount limit, monthly Item limit or any other limitations on your Digital Deposits that Bank may impose.
- We exercise our rights to investigate any unusual or suspicious Digital Deposits Items as determined in Bank's sole discretion.

We will generally notify you if we delay your ability to withdraw funds for any of these or other reasons, and we will attempt to tell you when such funds will be available. If you will need the funds from a deposit via Digital Deposits, you should contact us to inquire when the funds will be available.

(C) Funds Availability Holds on Other Funds (Check Cashing) – If we cash a check for you that is drawn on another bank, we may withhold the availability of a corresponding amount of funds that are already in your Account. Those funds will be available at the time funds from the check we cashed would have been available to you if you had deposited the check.

(D) Funds Availability Holds on Other Funds (Other Accounts) – If we accept for deposit a check that is drawn on another bank, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another Account with us. The funds in the other Account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure for the type of check that you deposited.

8. HONORING TRANSACTIONS AND INSTRUCTIONS; FURNISHING INFORMATION; MOBILE SERVICES AND TRANSACTIONS.

(a) Generally. Bank will honor Customer's transactions and instructions (including adjustments and cancellations) only when Customer has complied with the Agreement. Bank will be under no obligation to complete any transaction or instruction that: (i) exceeds Customer's collected or available funds on deposit with Bank, even if Bank has done so in the past; (ii) is not in accordance with any condition requested by Customer and agreed to by Bank; (iii) Bank has reason to believe may not be authorized by Customer; (iv) involves funds subject to a hold, dispute or legal process preventing their withdrawal; (v) violates, in the opinion of Bank, any provision of any present or future risk control program of the Federal Reserve or any other applicable federal or state law; (vi) Bank has reason to suspect is a transaction in violation of the Unlawful Internet Gambling Enforcement Act (the "UIGEA"); (vii) does not comply with any other requirement stated in the Agreement or any Bank policy, procedure or practice; and/or (viii) for the protection of Bank or Customer, Bank has reasonable cause not to honor.

(b) Restricted Transactions. Under UIGEA and related federal regulations (the "Regulations") promulgated by the U.S. Treasury Department and Federal Reserve Board, Bank is required to notify its Customer that transactions to fund unlawful Internet gambling activities are prohibited, and as such Bank will either block/deny transactions, and/or close accounts if it has "actual knowledge" of "restricted transactions." A restricted transaction is defined as any transaction or transmittal involving any credit, funds, instrument, or proceeds, that the UIGEA and the Regulations prohibit any person engaged in the business of betting or wagering from knowingly accepting in connection with the participation of another person in unlawful Internet gambling, and such prohibited activities would include any of the following: (i) credit, or the proceeds of credit, extended to or on behalf of such other person (including credit extended through the use of a credit card); (ii) an electronic

funds transfer, or funds transfer, or funds transmitted by or through a money transmitting business, or the proceeds of an electronic funds transfer or money transmitting service, from or on behalf of such other person; or (iii) any check, draft, or similar instrument that is drawn by or on behalf of such other person and is drawn on or payable at or through any financial institution.

- (c) Insufficient Account Balances for Service(s). When a Service requires Customer's Deposit Account(s) to contain sufficient, good, collected, and available funds to cover Customer's obligations for the required Service, Customer agrees to maintain sufficient, good, collected, and available funds in those accounts from which the funds are to be withdrawn or transferred. If there are insufficient funds in the designated Deposit Account to cover the required withdrawal(s), transfer(s), or related fees, except as specifically modified in an applicable implementation document, Bank may: (i) withhold the Service; (ii) in its sole discretion, elect to dishonor any item or transaction that creates a negative balance and has no duty to notify Customer prior to dishonoring any overdraft, even if Bank has paid overdrafts on behalf of Customer in the past; (iii) in its sole discretion, provide the Service, and Customer agrees to pay Bank promptly or on demand the amount of overdraft and any fees or other costs including those set forth in the Deposit Account Agreement; and/or (iv) require Customer to pre-fund transactions prior to settlement date or effective date. Bank may, in its sole discretion, on occasion provide a Service against insufficient, good, collected and available funds in Deposit Account(s), but Bank is not obligated to do so, and any action by Bank of this nature will not constitute an obligation by Bank to provide the Service in the future.
- (d) Data File Retrieval and Delivery. Bank provides a data file exchange facility for Customers, which is intended to ensure a convenient, reliable and efficient means to obtain various informational data files and reports from Bank, or deliver instructional data files to Bank for processing and handling. This data file exchange facility makes it possible for a Customer, Customer's agent, or a third party authorized by Customer to obtain specific Demand Deposit Account activity information as well as a means for a Customer, their agent or third party authorized by Customer to provide instructions to Bank in conjunction with various Services provided by Bank. To support this data file exchange facility, Bank makes use of an accepted data communication convention, File Transfer Protocol ("FTP"), which prescribes the manner in which files containing data are to be exchanged between computers using the Internet's transmission control protocol/Internet protocol (TCP/IP) functionality. Bank allows Customer to choose among certain options for communicating with Bank's FTP external server for retrieval and delivery of data files. Access to Bank's FTP external server may require that Customer, their agent or a third party authorized by Customer, utilize Customer's User ID, and/or password (both of which are assigned by Bank), or any AAI, and Bank may further require that public encryption keys be exchanged between Customer (or their agent or third party authorized by Customer), and Bank, depending upon the communication option selected. Also, certain communication options will require Customer, their agent or third party authorized by Customer to furnish Bank with the TCP/IP address from which a FTP communication session will originate. In addition to the general testing obligations set forth in Section 5(b) above, when Customer selects a particular communication method, Bank and Customer shall cooperate in testing data file exchange by such communication method, and if the testing process is completed satisfactory to Bank, then such communication method will be used. If, however, the testing process for a particular communication method is not completed satisfactory to Bank, then Customer must choose a different communication method that must also meet with Bank's testing and approval as stated above. Once a particular communication method has been successfully tested satisfactory to Bank's requirements and approved by Bank, then Bank and Customer will commence exchange of data files using such communication method. When incoming data files are delivered to Bank by Customer (or by Customer's agent or third party authorized by Customer), the data files will reside in a secure folder on Bank's FTP external server until such files are relocated internally by Bank for processing.
- (e) Mobile Treasury Management Services and Transactions. Frost may, in its sole discretion, offer any Services described in this Agreement via Mobile Device (the "Mobile Services"). "Mobile Device" means a mobile telephone, mobile tablet or other mobile device capable of sending and receiving SMS text messages, accessing the Internet via a web browser or downloading, installing and using specially developed mobile applications ("apps"). Customer understands and acknowledges that the Mobile Treasury Management Services allow Customer to conduct certain Services via Mobile Device. Bank, in its sole discretion, shall determine which Services shall be included in any Mobile Treasury Management Services. From time to time, Bank may develop

additional Mobile Treasury Management Services, and Customer understands that Customer will have the opportunity to subscribe to them, provided that Customer (and any Contracting Executives, Services Managers, Service Setup Administrators, User Setup Administrators or Users—collectively “Customer Representatives”) have the necessary Mobile Device and related hardware and software. By deciding to enroll in the optional Mobile Treasury Management Services, Customer understands that Customer is providing its express consent to Bank to permit Bank to contact Customer (and any Customer Representatives) for account alerts, servicing, marketing and fraud prevention purposes, and any other purposes as provided in this Agreement or under other applicable Bank agreements. Customer understands that by selecting the optional Mobile Treasury Management Services, Customer is agreeing that Bank may transmit communications accessible via SMS text message, via the Internet browser on the Mobile device, or via Bank’s app downloaded to the Mobile Device that contain certain information and alerts about the Services and/or Deposit Accounts Customer selects. Such messages may be sent in response to messages Bank receives from Customer’s specified Mobile Device(s) or, in some cases, upon the occurrence of a pre-defined condition related to Customer’s Service or Deposit Account (for example, an outgoing wire approval required, Positive Pay item approval required, low Deposit Account balance, overdraft or receipt of deposit). Customer understands that if it chooses to activate the optional Mobile Treasury Management Services, Customer (and any Customer Representatives) must have a Mobile Device with either SMS text message functionality, the ability to access the Internet via a web browser, or the ability to access messages via Bank’s downloaded mobile app, as well as any other compatible wireless hardware and software necessary to operate such Mobile Device. Customer understands it (and any Customer Representatives) must have a Mobile Device wireless service plan with a suitable Mobile Device service provider of its choice. Customer understands that such Mobile Device service (including Mobile Device Internet connection) is not part of the Services or the optional Mobile Services. Customer understands that it is responsible for acquiring, maintaining and operating any Mobile Device used to access the Mobile Treasury Management Services and its related hardware and software and for all associated costs and expenses, including, without limitation, all fees incurred for data transfers and as a result of sending and receiving SMS text messages through such Mobile Device service. Customer assumes full responsibility for ensuring these requirements are met should any changes be made to any existing Mobile Device and/or the associated service plan. **Customer understands that Bank is not responsible for any errors or failures or any Mobile Device or its software, and is not responsible for any viruses or related problems that may be associated with use of the Mobile Services.** In addition, Customer understands that transactions conducted via Mobile Treasury Management Services may also be subject to (i) applicable Bank imposed fees (as set forth in other Frost agreements or schedule of fees), and (ii) fees imposed by third parties with whom Customer have entered into other agreements.

Customer agrees and acknowledges that Deposit Account alerts will be sent to Customer’s (and Customer Representatives) registered for the Mobile Treasury Management Service, provided they have given Bank a valid telephone number (or other mobile device identification number, as required by Bank) for such Mobile Device, and have subscribed to the applicable alert. Customer understands that Customer is solely responsible for all costs assessed by Customer’s Mobile Device service provider (and the Mobile Device service provider of any Customer Representatives) receiving messages on their Mobile Device. Customer understands that Customer must complete the entire registration process when setting up Mobile Treasury Management Services, including an affirmative statement that Customer’s Mobile Device (and the Mobile Devices of any Customer Representatives) meets Bank’s minimum system requirements. Customer also understands that Customer will need to meet all of the equipment, access and system requirements of Bank regarding Mobile Treasury Management Services, and will need to make necessary arrangements to view and print any e-mail statements, notices and disclosures for Mobile Treasury Management Services. All communications transmitted to Bank using the Mobile Treasury Management Services are not confidential and are deemed to be Bank’s property. Bank may provide Customer (and any Customer Representatives) information, offers, advertisements, links or other materials maintained or offered by third parties in accordance with applicable law and in accordance with Bank’s “Customer Privacy Statement.” Bank does not control or endorse in any respect any information, products or services maintained or offered by such third parties. Customer understands that its use (and the use of any Customer Representatives) of third party content or the purchase of third party products or services is at its own risk. Customer also acknowledges that the privacy policies of other third party businesses providing any information, services or products in relation to or through the Mobile Treasury Management Services may be different than those of Bank and Customer should review those

policies before engaging in a transaction or providing any personally identifiable or other sensitive information to such business. As part of Customer's registration for the Mobile Treasury Management Services, Customer understands that Customer must certify that it is a customer of Bank, and Customer agrees (and agrees to require any Customer Representatives) to provide a valid U.S. telephone number, including the area code, for their Mobile Device(s) that will be used for the Mobile Treasury Management Services. Customer understands that it is Customer's responsibility to provide true, accurate, current and complete information about Customer and any Customer Representatives when registering for the Mobile Treasury Management Services and to maintain and promptly update the registration data to keep it true, accurate, current and complete. Without limiting the foregoing, Customer understands it is Customer's responsibility to update any telephone number if and when they change in order to ensure proper delivery of Mobile Treasury Management Services, including messages and alerts. If Customer changes any telephone number for any reason, Customer will notify Bank immediately to ensure that Customer's Mobile Services and Bank's communications are not interrupted or inadvertently delivered to another recipient who may be assigned a prior telephone number. Customer may change any phone number by contacting Frost using any of the methods described in Section 4(e) above. If Customer selects optional Mobile Treasury Management Services, Customer understands that it is solely responsible for notifying Bank immediately in the event that any Mobile Device associated with any telephone numbers provided to Bank to register any Mobile Device for Customer's Mobile Treasury Management Services is lost, stolen, changed or destroyed. Customer understands that with regard to messages or alerts, failure to promptly notify Bank may result in failure to receive important messages and alerts, and/or the interception of such messages and alerts by unauthorized third parties. Customer may also incur message or alert fees if Customer (and any Customer Representatives) does not receive them. **Customer understands that Bank is not responsible for any costs, expenses, liabilities or damages that Customer (and any Customer Representatives) incurs as a result of failure to receive messages or alerts, the interception of any message or alerts by an unauthorized third party, or Customer's incurrence of message or alert fees for messages or alerts Customer did not receive. CUSTOMER UNDERSTANDS AND ACKNOWLEDGES THAT IN ADDITION TO ANY OTHER DISCLAIMERS OR LIMITATIONS OF LIABILITY AS OTHERWISE STATED IN THIS AGREEMENT, BANK SHALL NOT BE LIABLE FOR LOSSES OR DAMAGES ARISING FROM: (i) NON-DELIVERY, DELAYED DELIVERY OR WRONG DELIVERY OF ANY MESSAGES, ALERTS OR OTHER COMMUNICATIONS THAT CUSTOMER (OR ANY CUSTOMER REPRESENTATIVES) WOULD NORMALLY ACCESS VIA THE MOBILE DEVICE; (ii) INACCURATE CONTENT IN ANY MOBILE TREASURY MANAGEMENT SERVICES MESSAGES, ALERTS OR OTHER COMMUNICATIONS ACCESSED BY OR SENT DIRECTLY TO THEIR MOBILE DEVICE; (iii) ANY ACTIONS RESULTING FROM THE INTENTIONAL OR UNINTENTIONAL DISCLOSURE BY CUSTOMER (OR ANY CUSTOMER REPRESENTATIVES) TO ANY UNAUTHORIZED PERSON OF THE CONTENTS OF ANY MESSAGES, ALERTS OR OTHER COMMUNICATIONS SENT DIRECTLY TO OR RECEIVED BY THE MOBILE DEVICE; OR USE OR RELIANCE ON THE CONTENTS OF ANY MESSAGES, ALERTS OR OTHER COMMUNICATIONS FOR ANY PURPOSE.** Customer understands that it (and any Customer Representatives) is required to log into the Mobile Treasury Management Services via a Mobile Device by using User ID, Password and AAI, if Bank has required use of AAI for such log in. Customer understands and acknowledges that all or a portion of the Mobile Treasury Management Services may not be encrypted, and, therefore, Bank will never include any User ID, Password or full account number in any e-mail communication that Customer may access via the web browser on its Mobile Device. However, the Mobile Treasury Management Services may include name and information about Deposit Account(s), such as the last four digits of the Deposit Account number or specific account transaction information. **Customer understands and acknowledges that transmission of masked account number and specific information, including, but not limited to, dollar amounts, or individual payees and payers, does not constitute transmission of personal or private information, and Customer hereby authorizes Bank to send such information via any communication to a Mobile Device for the Mobile Treasury Management Services.** In addition, Customer understands that there are risks associated with using any Mobile Device, and that in the event of theft or loss, Customer confidential information could become compromised. Customer acknowledges that the security procedures Bank requires for use of the Mobile Treasury Management Services, as set forth in this Section 8 and elsewhere in this Agreement, are commercially reasonable, and Customer understands that the security of the Mobile Treasury Management Services is contingent upon responsible behavior in protecting all User IDs and Passwords for the Mobile Treasury Management Services. Customer understands that it is responsible for safeguarding, and requiring others to safeguard, User IDs, Passwords and any AAI, if Bank has

required use of AAI, to log in to the Mobile Services from a Mobile Device. Customer understands that Bank will rely on access via the User ID, Password and AAI (if required) as confirmation that Customer (and any Customer Representatives) authorized all activity conducted using the Mobile Services following such authenticated access, including any Deposit Account debits or credits, any other transfers or remote processing and presentment services, or any other charges or fees incurred by use of the Mobile Treasury Management Services. Unless subject to other provisions of this Agreement or other applicable law, Customer further understands and agrees that Bank will not be liable for any loss or damage incurred when an unauthorized person gains access to the Mobile Treasury Management Services. CUSTOMER AGREES TO INDEMNIFY BANK AND HOLD BANK HARMLESS IF BANK ACTS WITH ORDINARY DUE CARE AND IN GOOD FAITH IN RESPONDING TO ANY MESSAGE SENT FROM ANY REGISTERED MOBILE DEVICE THAT IS PURPORTED TO BE SENT BY CUSTOMER. Customer understands that it can send secure messages to Bank over the Internet by logging into the Online Banking Services from a personal computer with proper User ID, Password and AAI and selecting the "Request Assistance" link. **Bank's use of its commercially reasonable security procedures for maintaining confidentiality and security of information shall constitute fulfillment of Bank's obligations to exercise due care.** Customer understands that information that it provides while using the Mobile Treasury Management Services may be stored on Bank's secured servers and protected by industry standard encryption techniques. However, Bank is not accepting any responsibility to archive any communications with Customer if transmitted or received using the Mobile Treasury Management Services beyond the time required by applicable law, if any, or as stated in this Agreement, whichever is longer. Customer understands that it is responsible for accessing, opening and reading messages, alerts and other communications sent to any registered Mobile Device. It is Customer's responsibility to notify Bank if any message, alert or other communication is not accessible, is incomplete or is unreadable. Customer understands that information Customer provides while using the Mobile Treasury Management Services may be stored on Bank's secured servers and protected by industry standard encryption techniques. However, Bank is not accepting any responsibility to archive any communications with Customer transmitted or received using the Mobile Banking Services beyond the time required by applicable law, if any, or as stated in this Agreement, whichever is longer. The use of Mobile Treasury Management Services via any Mobile device is interrupted for any reason, Customer agrees to log into Online Banking Services to determine if the previously entered transaction is displayed. If Customer cannot reestablish a connection, or ascertain the status of any previously entered transaction, Customer will call one of Bank's Commercial Online Banking Specialists at (888) 481-0336. **TO AVOID A DUPLICATE TRANSACTION, CUSTOMER WILL NOT REISSUE A TRANSACTION DURING THE INTERRUPTED SESSION UNLESS CUSTOMER IS ADVISED TO DO SO BY A COMMERCIAL ONLINE BANKING SPECIALIST. CUSTOMER AUTHORIZES BANK TO PAY ANY DUPLICATE TRANSACTION, AND BANK IS NOT RESPONSIBLE FOR ANY THIRD PARTY'S REFUSAL TO RETURN ANY FUNDS RESULTING FROM A DUPLICATE TRANSFER.**

- 9. ORAL INSTRUCTIONS.** At Bank's option, Bank may honor Customer's oral instructions regarding Service(s). Customer agrees that Bank may in good faith rely on any such oral instructions, which purport to come from Customer (including any Authorized Party, Service Setup Administrator or User) or Customer's agent without independent verification by Bank unless Security Procedures require otherwise.
- 10. ERRONEOUS INSTRUCTIONS.** CUSTOMER AGREES THAT TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, BANK WILL NOT BE LIABLE FOR ANY INSTRUCTION, FUNDS TRANSFER ORDER, AMENDMENT OR CANCELLATION, OR ANY LOSS ARISING THEREFROM, ERRONEOUSLY TRANSMITTED BY CUSTOMER OR ANYONE AUTHORIZED BY CUSTOMER HEREUNDER OR CONTAINING AN ERROR IN CONTENT AS PROVIDED BY CUSTOMER OR ANYONE AUTHORIZED BY CUSTOMER HEREUNDER, REGARDLESS OF WHETHER BANK FOLLOWED THE SECURITY PROCEDURES AGREED UPON HEREIN OR ANY APPLICATION HERETO.
- 11. INCONSISTENT NAME AND IDENTIFYING NUMBER.** If any funds transfer instruction by Customer describes the intended recipient of funds inconsistently by name and account number, Customer agrees that payment by the receiving bank (which may be Bank) may be made on the basis of the account number alone even if that account is not owned by the person or entity named in the funds transfer instruction. If any funds transfer instruction identifies an intermediary bank or the payee's bank inconsistently by name and identifying number, Customer agrees that Bank may rely solely on the identifying number as the proper identification of the intermediary bank or the payee's bank even if it identifies a bank different from the bank Customer identified

by name. To the extent permitted by applicable law, Customer acknowledges and agrees that its obligation to pay Bank the amount of the funds transfer pursuant to a funds transfer instruction will not be excused in any circumstance described in Section 10 above and that Customer will reimburse Bank for any losses or expenses Bank incurs as a result of Bank's reliance on the identifying number provided in the funds transfer instruction.

12. ACCOUNT HOLDER'S LIABILITY FOR FUNDS TRANSFERS. Customer agrees to be bound by any funds transfer, amendment or cancellation to a funds transfer issued in Customer's name and received by Bank, whether or not authorized, if Bank accepts the funds transfer, amendment or cancellation in good faith and in compliance with the Security Procedures agreed to herein. In the event that a funds transfer is unauthorized but effective pursuant to the Security Procedures agreed to herein, Bank is entitled to enforce or retain payment for the funds transfer from Customer unless Customer can prove that the funds transfer was not caused, directly or indirectly, by a person (i) entrusted at any time with duties to act on Customer's behalf with respect to such funds transfer or the Security Procedures; or (ii) who obtained access to Customer's transmitting facilities or who obtained, from a source controlled by Customer and without authority of Bank, information facilitating breach of the Security Procedures, regardless of how the information was obtained or whether Customer was at fault.

13. STOP PAYMENTS. Subject to certain limitations, any Account Holder or Account Holder's agent may order us to stop payment on any check or other item payable for your Account, whether drawn by you or any other Account Holder. The stop payment request will be effective if we receive the order at such time and in such manner as to afford us a reasonable opportunity to act upon the order. For purposes of determining whether we have a reasonable opportunity to act upon a stop payment order, a check or other item drawn on your Account is deemed received by us when it is presented to us for payment, by electronic or other means, or at an earlier time based on notification received by us that the check or other item has been deposited for collection in another financial institution. We will require you to provide the date, the exact amount, and the number of the item, together with the name of the payee. If you give us incorrect information, we will not be liable for failing to stop payment on the item. Stop payment orders that are not submitted in a Commercial Online Banking offering are effective for six (6) months and will automatically expire at the end of six (6) months from the date of the stop payment order. Stop payment orders that are submitted in a Commercial Online Banking offering are effective for twelve (12) months and will automatically expire at the end of twelve (12) months from the date of the stop payment order. Our acceptance of a stop payment order will not constitute a representation that the item has not already been paid or that we have a reasonable opportunity to act upon the order. You may not stop payment on an official, certified, cashier's, or teller's check issued by us, or request us to stop payment if we have otherwise become accountable for the items, except as set forth in the Preauthorized Payments section of your Deposit Account Agreement. In addition, you may not stop payment on checks governed by separate agreement, such as a check guaranty agreement. Further, you may generally not stop payment on an item after acceptance of the item by us, except as set forth in the Deposit Account Agreement and except as specifically allowed under NACHA Rules with regard to ACH transactions. We may charge you a fee for each stop payment order.

14. ACCOUNT RECONCILIATION AND REPORTING OF DISCREPANCIES.

(a) Generally. The Deposit Account statements provided to Customer by Bank will notify Customer of (i) the execution of funds transfers and all debits or credits to accounts of Customer held by Bank resulting from transactions pursuant to the Agreement; and (ii) amounts debited by Bank from the account(s) for payment of fees for the Services hereunder or other charges pursuant to the Agreement. Customer agrees that Bank will not be required to provide any other notice to Customer of the execution of any funds transfers, debits, credits or charges.

(b) Notification of Discrepancies. Customer agrees to promptly report to Bank any discrepancies between Customer's records and Bank's records and/or Deposit Account statements and any relevant facts pertaining to a potentially unauthorized or erroneous funds transfer of any kind. (i) For funds transfers, such report should be made within thirty (30) calendar days from the date Customer receives notice from Bank that the funds transfer was processed or that Customer's account was debited with respect to the funds transfer. Customer's failure to notify Bank of any such discrepancies may result in Customer forfeiting any interest potentially due on the amount of the unauthorized or erroneous funds transfer due to Customer's failure to provide notification within thirty (30) days as stated herein. (ii) For all ACH transactions that are believed to be unauthorized or erroneous, such report should be made no later than one (1) Business Day following the date of

the unauthorized or erroneous entry so that Bank can return the item to the Originating Depository Financial Institution (the “ODFI”) within the two (2) Business Day period required under NACHA Rules. Failure to do so for debits against an account will preclude Bank from returning the transaction through the ACH system and re-crediting the account. At Customer’s request, Bank will go outside the ACH system and request a credit from the ODFI based on a violation of the ODFI’s warranty that the transaction was authorized.

- (c) Foreign Currency Exchange Conversions. Bank assumes neither risk of loss nor any liability, which any person (including Customer) may suffer by reason of foreign currency exchange conversions. Any gains resulting from foreign exchange conversion in connection with any Customer transaction pursuant to any Service hereunder shall inure to Customer.

15. SETTLEMENT OF OBLIGATIONS. To the fullest extent permitted by applicable law, Customer authorizes Bank to obtain payment of Customer’s obligations to Bank under the Agreement from time to time by (i) initiating debit or credit transfers to any of the Deposit Accounts; or (ii) deducting the payment from the amount of any bank transfer. Such obligations include, without limitation, fees owed to Bank, in conjunction with any of the Services or otherwise, and settlement for funds transfers initiated pursuant to the Agreement. At the time any Deposit Account is closed (whether by Customer, by Bank, or otherwise) or any Service is terminated (whether by Customer, by Bank, or otherwise), Customer agrees that all such fees and other obligations will be immediately due and payable to Bank, and Customer authorizes Bank to withhold the amount of any such fees and other obligations from any Deposit Account. Debiting a Deposit Account or deducting payment from the amount of any bank transfer is not Bank’s exclusive remedy under this or any other Section of the Agreement, and Bank will not be deemed to have made an election of remedies by making any such debit or deduction on any one or more occasions.

16. COOPERATION IN LOSS RECOVERY EFFORTS. Except as otherwise stated in the Agreement, in the event of any damages for which Bank or Customer may be liable to the other or to a third party with respect to the Service(s), Bank and Customer will undertake commercially reasonable efforts to cooperate with each other (as permitted by applicable law) in performing loss recovery efforts and in connection with any action(s) that the relevant party may be obligated to defend or elect to pursue against a third party.

17. FEES

- (a) Generally. Bank reserves the right to change any fee schedule at any time and from time to time upon not less than thirty (30) days prior written notice to Customer, but no change shall be effective for any period prior to the effective date of such notice. Applicable fees do not include, and Customer will be solely responsible for payment of any sales, use, excise, value added, utility tax, or tariffs relating to the Service(s) provided hereunder, and for all telephone charges, Internet access service charges, tolls, tariffs, and other costs for Internet Banking Services initiated by Customer or Customer’s authorized users.
- (b) Payment of Fees. Any amount(s) due Bank for the Service(s) as determined by Bank’s account analysis system will be charged as a direct fee debited to Customer specified Deposit Account. If Customer specified Deposit Account has insufficient funds to pay any amount due; Bank may debit any Deposit Account maintained by Customer at Bank, whether or not such debit creates an overdraft. If there are no Deposit Accounts at Bank with sufficient funds to cover the amount due Bank, Customer agrees to pay such amounts directly to Bank upon demand. Customer also agrees to reimburse Bank for any actual expenses Bank may incur to effect, administer or revoke any Service(s). In the event any fees or taxes are owed to Bank and are not paid; Bank shall have no obligation to execute any Service for Customer, or to continue any Service(s) previously provided to Customer. Any fees or charges for Services not settled as provided for herein within thirty (30) days of the date they were first charged to Customer specified account will bear interest until paid at a rate equal to the lesser of one and one half percent (1.5%) per month or the maximum interest rate allowed by applicable law.

18. USE OF THIRD PARTIES.

- (a) Bank’s Use of Third Parties. Bank’s ability to provide certain Services depends on its ability to provide access to third party networks and other third party services. In the event Bank determines, in its sole discretion, that it is unable to provide third party network or services access, Bank may discontinue the related Service or

may provide the Service through an alternate third party network or service, and shall have no liability for the unavailability of such Service.

- (b) Customer's Use of Third Parties. Customer shall notify Bank in writing as specified in Section 4(e) of the name of any third party whom it hires, employs, or to whom it delegates its duties or responsibilities under the Agreement, before that third party initiates any transaction or performs an obligation authorized or required under the Agreement. Customer agrees that it shall be solely responsible for all acts of any such third party. Customer shall provide information including financial information which Bank may, in its sole discretion, require from time to time regarding any third party vendor which Customer hires, employs, or retains in any manner, to initiate transactions or assume any of Customer's duties under the Agreement. Customer understands and agrees that because of the risks involved in certain of the Services that Customer may utilize, Bank may refuse, in its sole discretion, to provide such Services to Customer if the third party retained by Customer does not meet Bank's qualification criteria. Bank's acceptance of any third party retained by Customer based on Bank's qualification criteria is not a representation or warranty by Bank regarding the fitness of the third party's capabilities or financial condition, nor is such acceptance by Bank an endorsement of any third party's ability to perform the third party services for Customer. Customer agrees that it shall not allow any third party to use any Service hereunder or to process any third party's transactions pursuant to the Services hereunder through Customer or its accounts without Bank's prior written consent.
- (c) Customer's Provision of Services to Third Parties. If Customer is an entity that will be providing remittance, accounting, or similar services to its third-party customers, then Customer must contact a Frost Treasury Management sales representative and enter into a separate agreement with Frost to conduct such activities.

19. COURIER AGREEMENTS. Customer may utilize a courier to conduct transactions pursuant to the Agreement. In so doing, Customer agrees at all times and in all respects, regardless of the source of payment for the courier services, that (i) the courier is the agent of Customer and not Bank; (ii) Bank makes no representations or warranties regarding any courier, and assumes no responsibility with respect to any services performed or promised by any courier; and (iii) Customer assumes all risk of loss (including loss or theft by third parties or employees of Customer or the courier) prior to Bank's acceptance of such transactions from the courier and subsequent to the courier's acceptance of transactions from Bank. Customer agrees that Customer and the courier will be responsible for all loss recovery procedures and processes, although Bank may undertake commercially reasonable efforts to facilitate loss recovery.

20. PROPRIETARY PROPERTY. Customer acknowledges and agrees that all trademarks, trade names, service marks, copyrights, programs, specifications, software, systems designs, applications, routines, techniques, enhancements, software codes, test keys, security devices, Security Procedures, documentation, manuals, ideas and formulas (collectively, referred to herein as the "Bank Proprietary Property") utilized or developed and provided by Bank in connection with the Agreement and the Services provided hereunder, whether online via Bank's web site or otherwise, are proprietary property of Bank having great commercial value to Bank. Customer shall have no ownership interest in Bank Proprietary Property or other rights related thereto, and Customer agrees to keep Bank Proprietary Property confidential at all times. Customer may use Bank Proprietary Property only for the purposes for which it was provided by Bank and shall notify Bank immediately of any breach of this Section of which it becomes aware. Bank may require Customer to license specific software in order to receive a particular Service. Unless agreed to the contrary between the parties with regard to certain Services, with such agreement approved by Bank in Bank's sole discretion, upon termination of the Agreement or any applicable Service, such license in Bank's Proprietary Property and any licensed software shall automatically expire and Customer agrees to immediately cease using any Bank Proprietary Property and any licensed software relating to the Service or Services affected by such termination. Additionally, and unless contrary to prior agreement regarding the software, Customer agrees to erase any software comprising Bank Proprietary Property and relating to the Service or Services terminated to the extent such software is stored in Customer's computers, and, at the request of Bank, to return all copies of all items relating to Bank Proprietary Property which are in the possession of Customer. Alternatively, and at Bank's option, Customer will destroy all copies of all items relating to Bank Proprietary Property which are in the possession of Customer and, upon request from Bank, provide written certification to Bank that such destruction has occurred.

21. CONFIDENTIALITY. Customer and Bank each agree that all information concerning the other party or parties which comes into its possession in connection with any Service and/or the performance of the Agreement including, but not limited to, software licensed to Customer by Bank, user guides, and Security Procedures including security access codes, keys, PINs, template numbers, or any other AAI, will be maintained as confidential and shall not be used or divulged to any other party except as may be appropriate to enable Bank to provide the Service or as required by applicable law. Customer agrees that Bank may share any information concerning Customer's accounts and account transactions with any of Bank's affiliates, subsidiaries, parent Company or service providers and to the extent Bank determines necessary, with Customer's third party processor(s), and state or federal regulators.

22. CUSTOMER RECORDS; OWNERSHIP OF DATA; RESPONSE TO DATA SECURITY BREACH INCIDENTS; RESPONSIBILITY FOR LOSS.

- (a) Customer Records. The Agreement will not relieve Customer of any obligation imposed by law, contract, or otherwise regarding the maintenance of records or from employing adequate audit, accounting and review practices. Customer shall retain and provide to Bank upon request all information necessary to remake or reconstruct any deposit, transmission file, or entry for at least ten (10) Business Days following receipt by Bank of the deposit, transmission file, entry, or other order affecting any of Customer's account(s); provided, however, that Bank's records, kept in the ordinary course of business, will be presumed to accurately reflect the contents of Customer's instructions to Bank and, in the absence of manifest error, will be binding and conclusive.
- (b) Ownership of Data. The parties understand, acknowledge and agree that all data provided by Customer to Bank (including, but not limited to, electronic images of Substitute Checks retained on any Processing Equipment, Processing Software, or any other processing equipment or software (including Customer's computer) used by Customer in conjunction with Digital Deposits), and all data produced, compiled or otherwise provided by Bank to Customer, in any form or format, is the sole and exclusive property of Customer and copies thereof shall be provided to Customer at Customer's request from time to time and at any time ("Customer-owned Data"). Once Customer-owned Data is delivered by Bank to Customer, retrieved by Customer from Bank, or otherwise created as a by-product of a transaction between Customer and Bank and retained by Customer, such Customer-owned Data is solely within Customer's possession and control.
- (c) Response to Data Security Breach Incidents. As stated in Section 6 above, Customer has the sole responsibility for security and protection of Customer-owned Data. In the event of any security breach incident involving any potential or actual unauthorized access or acquisition of Customer-owned Data (e.g. computer hacking, virus attack, or theft or loss of any equipment containing Customer-owned Data), it is Customer's sole responsibility to determine whether Customer has the obligation, under applicable law, to notify potentially affected individuals whose sensitive PII may have been compromised by the security breach incident. Customer must conduct, at its sole cost and expense, any audit and forensic investigation of such security breach incident. Customer bears the sole responsibility for any and all costs of complying with required data breach notifications to individuals, credit bureaus and/or governmental entities as required by applicable law, and any and all costs for credit report monitoring or fraud monitoring associated with such security breach incident.
- (d) Responsibility for Loss. If, despite Customer efforts, Customer suffers any damage or loss as a result of any unauthorized access or data security breach (e.g. computer hacking, virus attack, or theft or loss of equipment or other information containing Customer-owned Data), and regardless of whether such unauthorized access or breach results from the activities of Customer's employees, agents, subcontractors, or any unaffiliated third party, any such loss or damage shall be the sole responsibility of Customer.

23. REPRESENTATIONS AND WARRANTIES BY CUSTOMER. For purposes of this Section 23 and the Agreement, the following definitions apply:

Customer represents, warrants and agrees that (i) the execution, delivery and performance by Customer under the Agreement are within Customer’s powers, have been duly authorized by all necessary action and do not contravene Customer’s governing documents (if any) or any law or contractual restrictions; (ii) no authorization, approval or other act, and no notice to or filing with any governmental authority or regulatory body is required for the execution, delivery and performance by Customer of the Agreement; (iii) the Agreement constitutes the legal, valid and binding obligation of Customer and that the Agreement is enforceable against Customer in accordance with the terms of the Agreement; (iv) no information furnished by Customer to Bank in connection with the Agreement is inaccurate in any material respect, contains any material misstatement of fact, or omits any fact necessary to make such statements not misleading, as of the date it is dated, or if not dated, the date it is given to Bank; and (v) Customer has not been induced to enter into the Agreement by any representations or statements, oral or written that have not been expressly incorporated herein by reference. Customer agrees to deliver to Bank, upon execution of the Agreement and at any time upon Bank’s request, a certified copy of a duly adopted resolution, unanimous consent or other similar corporate document or official record authorizing the execution of the Authorization and Agreement and the granting of authority to the person(s) identified therein.

In addition, in the event that Customer desires to obtain any Services under this Agreement for any of Customer’s Related Entities, as Customer shall list such Related Entities in any addendum, exhibit or schedule used in connection with this Agreement, Customer makes the following additional representations and warranties to Bank each time that Customer lists a Related Entity that is authorized to obtain Services under this Agreement: (vi) if Customer is a Parent of any Subsidiary Related Entity listed, that Customer is authorized under applicable governing documents to exercise both the voting power and equity of the Related Entity, and that no third party holds any veto power or approval right over (a) Customer’s ability to appoint a majority of the directors, managers or other members of the Related Entity’s governing body, (b) Customer’s ability to determine the Related Entity’s strategy and direction, or (c) Customer’s ability to bind the Related Entity to this Agreement; (vii) if Customer is a Subsidiary of any Parent Related Entity listed, that Customer has been duly authorized by the Parent to enter into this Agreement, to bind the Parent to this Agreement and to take all necessary actions to obtain Services under this Agreement, and that no third party holds any veto power or approval right over Customer’s ability to fulfill Customer’s obligations under this Agreement; (viii) if Customer is an Affiliate of any Affiliate Related Entity listed, that Customer is duly authorized by its governing documents, or by actions of the Affiliate Related Entity, to enter into this Agreement, to bind the Affiliate Related Entity to this Agreement, and to take all necessary actions to obtain Services under this Agreement, and that no third party holds any veto power or approval right over Customer’s ability to fulfill Customer’s obligations under this Agreement.

24. COMPLIANCE WITH LAWS; PROHIBITED ITEMS. Bank and Customer each agree to comply with provisions of all applicable federal, state, county, and municipal laws, regulations, and ordinances, and each party shall be responsible for obtaining any and all authorizations from any applicable governmental authority that

may be required for the party to perform hereunder. Customer hereby agrees to: (i) comply the applicable laws of the State of Texas and of the United States, including, but not limited to Bank Secrecy Act, the U.S.A. PATRIOT Act, and sanctions enforced by the U.S. Treasury Department's "Office of Foreign Assets Control" ("OFAC"); (ii) comply with applicable federal and state privacy laws and regulations; and (iii) obtain all information regarding the list of sanctioned individuals periodically issued by OFAC, and refrain from engaging in prohibited transactions with such sanctioned individuals or entities (particularly if Customer is providing third-party ACH processing services to other entities, as permitted in Bank's sole and absolute discretion). Customer agrees that it shall not use any Services, including Digital Deposits, in any manner that is designed or has the effect of violating or evading any laws with regards to currency controls, money laundering, banking secrecy, or unlawful Internet gambling (including, but not limited to, any "restricted transactions" as defined under the Unlawful Internet Gambling Enforcement Act).

Customer agrees that it will not remotely deposit or transmit any Original Check or other Item that: (a) is payable to any person or entity other than Customer, (b) is drawn, or otherwise issued, by Customer or any affiliate of Customer on any account of Customer or of such affiliate, (c) is prohibited by Bank's then current procedures pertaining to the Digital Deposit Service as set forth in the Bank's Deposit Account Agreement and Other Disclosures, or is in violation of any applicable law, (d) Customer knows or suspects, or should know or suspect, is fraudulent or otherwise not authorized by the owner of the account on which the Original Check is drawn, (e) has been previously endorsed by a bank and is either a Substitute Check or an "image replacement document" that purports to be a Substitute Check, without Bank's prior written consent, (f) is a remotely created check, or (g) is not acceptable to Bank for deposit into a deposit Account as provided in the Deposit Account Agreement and Other Disclosures. (Original Checks described in clauses (a) through (g) each a "Prohibited Check" and, collectively, "Prohibited Checks").

25. LIMITATIONS OF LIABILITY.

(a) Generally. To the extent permitted by law, and except for the remedies provided expressly herein for breach of the Agreement, Customer agrees that Bank will have no liability whatsoever for any loss, damage, or claim (collectively, a "Claim") arising out of the performance of or non-performance of any Service in accordance with the terms of the Agreement, **EVEN IF SUCH CLAIM ARISES, IN WHOLE OR IN PART, FROM BANK'S NEGLIGENCE**, but excluding any claim arising from Bank's gross negligence or willful misconduct. Bank's duties and responsibilities to Customer are strictly limited to those described in the Agreement, except with respect to any provisions of the law which cannot be varied or waived by agreement. **TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, BANK WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, INDIRECT, EXEMPLARY, SPECIAL, OR PUNITIVE DAMAGES (INCLUDING WITHOUT LIMITATION, LOSS OF REVENUE OR ANTICIPATED PROFITS) OR FOR ANY INDIRECT LOSS THAT CUSTOMER MAY INCUR OR SUFFER IN CONNECTION WITH THE SERVICES PROVIDED HEREUNDER (EVEN IF BANK HAS BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGES), INCLUDING WITHOUT LIMITATION, ATTORNEYS' FEES.** Any third party service provider used by Bank is an independent contractor and not Bank's agent. **TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, BANK AND ITS AFFILIATES AND SUPPLIERS MAKE NO WARRANTIES OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, ABOUT ANY OF THE SERVICES, ANY PROCESSING EQUIPMENT OR ANY PROCESSING SOFTWARE DESCRIBED IN THIS AGREEMENT, AND HEREBY DISCLAIM ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE OR NON-INFRINGEMENT.** To the fullest extent permitted by applicable law, and without limiting the generality of the foregoing, Bank shall not be liable at any time to Customer or any other person or entity for loss, charge, fee, penalty, expense or other damage resulting from any failure or delay of the performance of Bank's responsibilities under the Agreement which is caused or occasioned by any act or thing beyond Bank's reasonable control, including, without limitation, legal restraint, interruption of transmission or communication facilities, equipment failure, electrical or computer failure, war, emergency conditions, acts of God, fire, storm, or other catastrophe, or inability to obtain or delay in obtaining wire services, Internet access, electronic transfers, or electronic file exchange, or refusal or delay by a service provider or another bank or financial institution. In addition, Bank shall be excused from any failure or delay in executing a transaction hereunder, if such execution would result in the violation of any applicable state or federal law, rule, regulation or guideline. To the fullest extent permitted by applicable law, Customer agrees that Bank shall not have any liability whatsoever for any loss caused by the act, error, or omission of

Customer or any other person, including, without limitation, any service provider, any Internet access service provider, any federal reserve bank or transmission or communications facility or any intermediary or receiving financial institution, and no such person shall be deemed Bank's agent. Customer understands and agrees that the fees charged for the performance of the Service(s) have been established in contemplation of these limitations on liability.

- (b) Statute of Limitations. Customer agrees that any Claim, action, suit or proceeding against Bank for damages resulting in any respect from its acts or omissions in its performance of the Service(s) hereunder must be brought within two (2) years from the date of Bank's alleged act or omission.
- (c) Notification in the Event of Claim. Customer agrees to immediately notify Bank of any Claim by Customer, or any Claim that is made to Customer by a third party, where an act or omission by Bank in connection with any Service is alleged to have caused Customer or such third party to sustain any damages.
- (d) Other Limitations. Customer agrees that any Deposit Account(s) it may have at Bank may be subject to additional liability limitations that are described in the Deposit Account Agreement for any such account(s).
- (e) Reporting of Errors. Customer acknowledges that it is not possible for Services provided by Bank hereunder to be free of operator, program or equipment error, and those errors in processing and compiling account data may occasionally occur, requiring adjustments. As such, Customer agrees to review and verify all results and to maintain adequate controls for insuring both the accuracy of data transmissions and the detection of errors. Unless otherwise required by law, Bank's sole responsibility for reporting errors caused by it will be to reprocess information and reports for the applicable period in question and to submit corrected reports at its own expense to Customer.

26. INDEMNIFICATION. TO THE EXTENT PERMITTED BY LAW, CUSTOMER AGREES TO INDEMNIFY, DEFEND, RELEASE AND HOLD HARMLESS BANK AND ITS AFFILIATES, DIRECTORS, OFFICERS, EMPLOYEES, AND AGENTS, INDIVIDUALLY AND COLLECTIVELY, FROM AND AGAINST ANY DAMAGE, LOSS, OR LIABILITY, INCLUDING WITHOUT LIMITATION FINES, PENALTIES, REASONABLE ATTORNEYS' FEES AND COURT COSTS (COLLECTIVELY, A "LOSS") WHICH RESULT, DIRECTLY OR INDIRECTLY, FROM BANK'S PROVIDING SERVICES TO CUSTOMER HEREUNDER, EVEN IF SUCH LOSS ARISES, IN WHOLE OR IN PART, FROM BANK'S NEGLIGENCE, BUT EXCLUDING ANY LOSS ARISING FROM BANK'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, UNLESS OTHERWISE EXPRESSLY PROVIDED IN THE AGREEMENT OR THE APPLICABLE DEPOSIT ACCOUNT AGREEMENT.

27. SPECIFIC PERFORMANCE. Customer agrees that money damages may not be sufficient remedy for any breach of the Agreement and that Bank shall be entitled to specific performance in addition to any other remedies, at law or in equity, as a remedy for any breach.

28. TERMINATION.

- (a) By Bank With Cause. Bank may, in its sole discretion, terminate the Agreement in its entirety or with respect to one or more specified Service(s) effective immediately if: (i) Customer fails to maintain adequate collected and available balances to cover all transactions, costs and expenses relating to one or more Service(s); (ii) there is an occurrence of a material change in Customer's credit and/or risk analysis criteria as determined by Bank in its sole and absolute discretion; (iii) Bank at any time determines that Customer or Customer's third party vendor does not meet Bank's risk or other qualification requirements; (iv) there is an occurrence of a material change in Customer's credit and/or risk analysis criteria as determined by Bank in its sole and absolute discretion, and Customer refuses to execute Bank's "Treasury Management Services Guaranty" upon request of Bank; (v) Bank discovers any willful misconduct (including but not limited to writing or knowingly passing bad checks, or types of fraudulent activity) on the part of Customer or any other party with respect to electronic images submitted by Customer if Customer utilizes Bank's Digital Deposits or originated electronic entries if Customer utilizes Bank's ACH Services; (vi) Customer is in default of any terms of a Service specific provisions of this Agreement where such default gives Bank the right to terminate, immediately or otherwise, the Agreement or a specific Service; (vii) Customer has selected a particular Service, but Customer has not used such Service for a period of time deemed to constitute an inactive Service by Bank (in Bank's sole discretion); (viii) Customer is

in default of any terms of the Agreement or any other agreement with Bank; or (viii) Customer is in violation, in the opinion of Bank, of any applicable federal or state law, including the provisions of the Unlawful Internet Gambling Enforcement Act. In any of these events, Bank's sole obligation shall be to provide notice of its termination of the Agreement to Customer as soon as is commercially reasonable.

- (b) By Either Party for Any Reason. Either party may terminate the Agreement, with or without cause, in its entirety or with respect to one or more specified Service(s) at any time, upon thirty (30) days written notice to the other of its intent to do so. You may cancel any Service at any time by providing us with written notice by postal mail or fax. Your access to any cancelled Service will be suspended within 3 Business Days of our receipt of your instructions to cancel the service. You will remain responsible for all outstanding fees and charges incurred prior to the date of cancellation.
- (c) Rights and Responsibilities Upon Termination. In the event of termination of the Agreement or any Service hereunder, the rights and responsibilities of the parties shall continue through any applicable settlement period including Customer's responsibility to pay Bank for Service(s), and to maintain a Reserve Account as otherwise stated in this Agreement, with respect to transactions processed prior to the effective date of termination. If this Agreement, or any Service, is terminated by Bank, Bank may accelerate all amounts due and to become due under this Agreement, and Customer shall promptly make full payment to Bank of all amounts due and amounts incurred under this Agreement. If Customer utilizes Digital Deposits, termination of this Agreement for any reason shall automatically terminate the limited license to the Processing Software granted in the Digital Deposits Section, and Bank has the right to demand immediate return of the Processing Software, the Processing Equipment and all Documentation (as those terms are defined in the Digital Deposits Section). In the event that Customer fails to immediately return such items upon the written demand of Bank, Bank shall have the authority to enter the premises of Customer to remove such items.

29. GOVERNING LAW; DISPUTE RESOLUTION; ARBITRATION; STATUTE OF LIMITATIONS.

All disputes arising from or related to Customer's Account(s) or this Agreement shall be governed by the substantive laws of the State of Texas (without regard to its conflict of laws principles). Frost Bank is located in San Antonio, Texas, and that is where Customer's Account was opened and is maintained. Governing Texas law may be supplemented as necessary by federal law.

Customer and Bank agree that upon the election of either Party, any dispute relating in any way to Customer's Account(s) or transactions, or otherwise arising under this Agreement, will be resolved by the dispute resolution procedures described below, which include binding arbitration.

This provision limits Customer's rights to a jury trial. Customer should review this provision carefully. If: (i) neither Customer nor Bank seeks to compel arbitration of any dispute between the Parties related to this Agreement, Customer's Account(s), or any transactions involving Customer's Account(s); or (ii) some or all of these arbitration provisions are unenforceable and the Parties are in a dispute in a court of law, then each of the Parties agrees to waive any right that Party may have to a jury trial to the extent allowable under Texas law.

This provision includes a class action waiver and limits Customer's rights to bring or participate in any class action or similar proceedings either in court or arbitration. Customer should review this provision carefully. Customer and Bank agree that any dispute or proceeding in arbitration or court must be conducted on an individual basis and not in a class, collective, consolidated, private attorney general or representative action, unless agreed to by both Parties in writing. Customer and Bank knowingly, voluntarily, intentionally and irrevocably agree to waive any right to bring or participate in a class action or act as a class representative in arbitration or court to the fullest extent allowed by applicable law. Even if other parties have disputes with Bank similar to a dispute that Customer has with Bank, those parties and their disputes cannot be part of any arbitration or court case between Customer and Bank. Notwithstanding the foregoing, the Parties retain the right to participate in a class-wide settlement.

Dispute Resolution:

THESE DISPUTE RESOLUTION PROVISIONS OF THIS AGREEMENT PROVIDE FOR BINDING ARBITRATION OF ALL DISPUTES (WITH "DISPUTES" DEFINED IN THE BROADEST MANNER ALLOWABLE BY LAW) THAT

CANNOT BE RESOLVED BY NEGOTIATION OR MEDIATION. THIS MEANS ALL DISPUTES ARISING OUT OF, OR RELATED IN ANY WAY TO CUSTOMER'S ACCOUNT(S) OR THIS AGREEMENT, REGARDLESS OF ANY PRIOR AGREEMENT, DISCUSSION OR UNDERSTANDING, SHALL BE RESOLVED BY BINDING ARBITRATION, AND NOT THROUGH LITIGATION OF ANY KIND, IN ANY COURT, BY ANY JUDGE, BY ANY JURY OR OTHER TRIBUNAL (EXCEPT FOR MATTERS IN SMALL CLAIMS COURT, AND ACTIONS UNDER SECTION III.C. (FRAUD AND LOSS PREVENTION; LEGAL PROCESS; LEGAL COMPLIANCE; RESERVATION OF RIGHTS) OF THE FROST BANK DEPOSIT ACCOUNT AGREEMENT AND OTHER DISCLOSURES, INCLUDING, BUT NOT LIMITED TO, INTERPLEADER ACTIONS). THIS AGREEMENT TO ARBITRATE ANY AND ALL DISPUTES (WITH THE ABOVE-LISTED EXCEPTIONS) IS ENTERED INTO PURSUANT TO THE TEXAS CIVIL PRACTICE AND REMEDIES CODE, CHAPTER 171, "THE TEXAS GENERAL ARBITRATION ACT", AND AS NECESSARY, PURSUANT TO THE FEDERAL ARBITRATION ACT 9 USC, §§1-16.

Prior to binding arbitration described in this Agreement, Customer and the Bank shall first attempt to resolve any dispute arising out of Customer's Account(s) or this Agreement through negotiation. Any negotiation will be on an individual basis based on Customer's dispute with the Bank. Even if other parties have disputes with the Bank similar to a dispute that Customer has with the Bank, those parties and their disputes cannot be part of any negotiation between Customer and the Bank. Such negotiation may include an "in person" meeting between Customer and the Bank at a mutually agreed time and place. In addition, Customer and the Bank may, but shall have no obligation to, agree to an exchange of documents pertaining to the dispute. Such negotiation shall be conducted in good faith, and confidential customer information disclosed or discussed in the course of the negotiation, if any, shall remain confidential as provided by law. The request for negotiation must be made in writing. Any request for negotiation Bank sends Customer will be sent by certified mail to Customer's address as reflected in the Bank's records, or by email to Customer's attorney if the Bank has actual knowledge Customer is represented by counsel. Written requests for negotiation directed to the Bank must be delivered by email to LegalLitigation@frostbank.com. Upon either Party sending a written request for negotiation to the other Party, the receiving Party must respond within ten (10) calendar days of receiving such request. The negotiation shall be held within twenty (20) calendar days after such response is received by the Party initially requesting the negotiation; and the Parties must either complete the negotiation or agree that the dispute cannot be resolved through negotiation within thirty (30) calendar days of the first negotiation meeting. If the Party receiving a request for negotiation fails to respond within ten (10) calendar days of receiving such request, fails to attend the negotiation meeting within twenty (20) calendar days after responding to the notice of request, or otherwise declines to negotiate, such Party will be deemed to have waived its right to negotiate or mediate and the Party's only remedy is binding arbitration. All costs and expenses associated with the negotiation of the dispute shall be paid by the Party incurring such cost or expense.

If Customer and the Bank unable to resolve the dispute through negotiation, then Customer and the Bank agree to submit the dispute to mediation. Any mediation will be on an individual basis based on Customer's dispute with the Bank. Even if other parties have disputes with the Bank similar to a dispute that Customer has with the Bank, those parties and their disputes cannot be part of any mediation between Customer and the Bank. Either Customer or the Bank may request mediation upon written notice to the other Party. Any request for mediation Bank sends Customer will be sent by certified mail to Customer's address as reflected in the Bank's records, or by email to Customer's attorney if the Bank has actual knowledge Customer is represented by counsel. Written requests for mediation directed to the Bank must be delivered by email to LegalLitigation@frostbank.com. Such mediation will be scheduled to take place within thirty (30) calendar days after the notice is given. The Parties may select a mutually agreed-upon mediator; provided, however, that the person selected as mediator must: (i) have ten (10) years or more of practical working experience in the banking industry; and (ii) be an attorney licensed by the State of Texas, in good standing with the Texas State Bar, with substantial experience in the trial or resolution of business disputes. If Customer and the Bank are unable to agree upon a mediator that satisfies both of these conditions, then the Parties may select a mutually agreed-upon mediator who is a member in good standing of the Texas Academy of Distinguished Neutrals. Neither Party shall make any objection to a proposed mediator except for good cause shown. If the Parties fail to agree upon a designated mediator, or if either Party fails to participate in the mediation within the thirty (30) calendar day timeframe stated above, such Party will be deemed to have waived its right to mediate and that Party's only remedy is binding arbitration.

The mediation shall occur in the county seat of the Texas county of Customer's business headquarters, or if Customer's business headquarters is outside of the State of Texas or the U.S., then in San Antonio, Texas. All costs, expenses, and fees with regard to any mediation, except for each Party's attorneys' fees, shall be divided equally between Customer and the Bank, and Customer and the Bank shall each be solely responsible for payment of each Party's share of such costs, expenses and fees. If one Party fails to appear at mediation, the Party that does not appear is responsible for paying such Party's share, as set forth above, and the mediation fees paid by the other Party. The mediation itself as well as the outcome of mediation shall be kept strictly confidential.

If the mediation is not successful or completed within the thirty (30) calendar day timeframe stated above, or such other timeframe as may be mutually agreed to by the Parties, the Parties will proceed to binding arbitration. Any request for arbitration Bank sends Customer will be sent by certified mail to Customer's address as reflected in the Bank's records, or by email to Customer's attorney if the Bank has actual knowledge Customer is represented by counsel. Written requests for arbitration directed to the Bank must be delivered by email to LegalLitigation@frostbank.com. The arbitration will be administered by the American Arbitration Association ("AAA"), the Judicial Arbitration and Mediation Services ("JAMS"), or a like organization. In all cases, the Bank will have the right to select the organization that administers the arbitration of Customer's dispute with Bank. In addition to the Texas Arbitration Act and this Agreement, the arbitration will be conducted in accordance with AAA, JAMS or like organization's rules for resolution of commercial or disputes. Customer and the Bank agree that the AAA, JAMS or like organization may not commence arbitration unless the request for arbitration is made by written request as set forth above.

For claims in excess of \$100,000, the matter will be decided by a panel of three (3) arbitrators, one of whom shall be appointed by Customer and one by the Bank. The third arbitrator shall be selected by mutual agreement of the Parties. If Customer and the Bank are unable to agree upon the appointment of the third arbitrator, Customer's designated arbitrator and Bank's designated arbitrator shall jointly select an arbitrator who shall act as the third arbitrator on the panel of three (3). If the arbitrators cannot agree on the appointment of the third member, the AAA, JAMS or like organization, as applicable, shall appoint the third member subject only to a disqualification for cause. Any person appointed or selected by Customer and/or the Bank to serve as an arbitrator must: (i) have ten (10) years or more practical working experience in the banking industry; (ii) be an attorney licensed by the State of Texas, in good standing with the Texas State Bar, with substantial experience in the trial or resolution of business disputes, or be a member in good standing of the Texas Academy of Distinguished Neutrals; and (iii) for arbitration administered by the AAA or JAMS, be listed by AAA or JAMS on its National Roster of Arbitrators respectively, or, if administered by a like organization, be listed or approved by such organization. If the third arbitrator is jointly selected by Customer's and the Bank's designees or by the AAA, JAMS or like organization, that third arbitrator shall have these same industry or legal experience or credentials described above. Customer understands and acknowledges that no court or other judicial body will have any authority to designate or appoint any arbitrator. The panel of three (3) arbitrators that conduct the arbitration will use substantive Texas law, the applicable statutes of limitations, statutes of repose, conditions precedent to suit and this Agreement, and will honor claims of privilege recognized at law. The arbitrator's authority is limited to the dispute between Customer and the Bank.

For claims less than \$100,000, a single arbitrator will conduct the arbitration and will use substantive Texas law, the applicable statutes of limitations, statutes of repose, and conditions precedent to suit, and this Agreement, and will honor claims of privilege recognized at law. For all claims less than \$100,000, a single arbitrator shall be selected by mutual agreement of the Parties from either the current membership roster of the Texas Academy of Distinguished Neutrals or, in commercial arbitrations administered by the AAA or JAMS, from an identical list of ten (10) arbitrators submitted to the Parties by AAA or JAMS as persons approved by AAA or JAMS from its National Roster of Arbitrators. If the Parties cannot agree on the arbitrator, the arbitrator shall be selected by the Academy's current Texas President from the current membership, Texas roster, or in consumer or commercial arbitrations administered by the AAA or JAMS, the arbitrator shall be appointed by AAA or JAMS from its National Roster of Arbitrators pursuant to the Consumer Arbitration Rules or Commercial Arbitration Rules, as applicable. Any person appointed or selected by Customer and the Bank to serve as the arbitrator must: (i) have ten (10) years or more practical working experience in the banking industry; (ii) be an attorney licensed by the State of Texas, in good standing with the Texas State Bar, with substantial experience in the trial or resolution of business disputes, or be a member in good standing of the Texas Academy of Distinguished Neutrals; and

(iii) for arbitration administered by the AAA or JAMS, be listed by AAA or JAMS, respectively, on its National Roster of Arbitrators, or, if administered by a like organization, be listed or approved by such organization. Except as otherwise stated in this provision, the arbitrator can award damages or other relief provided for by law to Customer or Bank, but not to anyone else. The arbitrator's authority is limited to the dispute between Customer and Bank.

Arbitration shall occur in the county seat of the Texas county of Customer's business headquarters, or if Customer's business headquarters is outside the State of Texas or the U.S., then in San Antonio, Texas. It is anticipated that the arbitration will take place within ninety (90) calendar days after notice is given. Also, Customer and the Bank agree that, whether appointed or selected by Customer, the Bank, AAA, JAMS or a like organization, the arbitrator(s) do not have authority to render a decision which contains reversible error of Texas or federal law, or to recognize a cause of action or remedy not expressly provided for under existing Texas or federal law. Where there is any conflict of law regarding an appeal of any decision of the arbitrator(s), Customer and the Bank agree that Texas law shall control. The arbitrator(s) shall have no authority to award punitive damages or any other relief not measured by the prevailing Party's actual damages (e.g., two times actual damages) in any arbitration that concerns or relates to a Business Account. The arbitrator(s) shall in no event, have any power or authority to consolidate claims asserted by different claimants or counter-claimants, adjudicate any claims presented to them on a class wide basis, treat any claimant or counter-claimant as a representative of a class of claimants or counter-claimants, or award any relief on a class-wide basis, except as provided in the AAA, JAMS or a like organization's mass arbitration rules.

The arbitrator(s) shall express their decision in a written award supported by findings made and signed by the arbitrator(s). Judgment may be entered upon any award in any court having jurisdiction. Customer and Bank agree that the fact of the arbitration, all submissions to and proceedings before the arbitrator(s), and the written decision and findings of the arbitrator(s) shall remain confidential between Customer and Bank unless reasonably necessary for judicial review or confirmation, or as required by law.

Once either Party has invoked the dispute resolution provisions under this Agreement, the only exceptions to the negotiation, mediation or arbitration of disputes are that: (i) Customer has the right to pursue a claim in a small claims court instead of arbitration if the claim is within that court's jurisdiction and proceeds on an individual basis; and (ii) Bank has the right to take any action described in Section III.C. (Fraud and Loss Prevention; Legal Process; Legal Compliance; Reservation of Rights) of the Frost Bank Deposit Account Agreement and Other Disclosures, including, but not limited to, an interpleader action.

A Party's invocation of the dispute resolution provisions under this Agreement will apply without limitation, regardless of whether: (i) Customer's Account is closed; (ii) Customer pays Bank in full any outstanding debt Customer owes; or (iii) Customer files for bankruptcy.

A Party's invocation of the dispute resolution provisions under this Agreement applies whenever there is a dispute between Customer and Frost Bank. If a third party is also involved in the dispute, and a Party invokes such dispute resolution provisions, then the dispute will be decided with respect to the third party according to the dispute resolution provisions set forth above as well. The third party must be named as a party in accordance with the rules of procedure governing the arbitration. No award or relief will be granted by the arbitrator except on behalf of, or against, a named party. For purposes of arbitration, "Customer" includes any Person who is listed on Customer's Account(s), and "Bank" includes Frost Bank, all its affiliates, and all third parties who are regarded as agents or representatives of Bank. The arbitration may not be consolidated with any other arbitration proceeding.

As is referenced above, the AAA, JAMS or like organization will be the arbitration administrator. That organization will apply its procedures in effect at the time the arbitration claim is filed. This Agreement will control any conflicts between its procedures and this Agreement. Disputes in excess of \$100,000 where the AAA, JAMS or like organization cannot serve shall be decided by a panel of three (3) arbitrators selected in the manner and credentialed in the way described above. If the Parties and the arbitrators cannot agree on the third arbitrator in such disputes where the AAA, JAMS or a like organization cannot serve, the third arbitrator shall be designated by the President of the Texas Academy from the current roster of "Distinguished Neutrals" resident in Texas.

The arbitrator(s) will decide the dispute in accordance with applicable Texas law, including recognized principles of equity and statutes of limitations, statutes of repose and conditions precedent to suit, and will honor all claims of privilege recognized by law. Except as otherwise indicated in this Agreement, the arbitrator(s) will have the power to award to a Party any damages or other relief provided for under applicable law.

The arbitrator(s)' decision, rendered in a reasoned opinion, will be final and binding on the Parties. A Party can file a written appeal to the arbitration administrator or request a new arbitration within thirty (30) calendar days of issuance of the award. The appeal must request a new arbitration based on good faith objection to the reasoned opinion of the arbitrator(s) and shall be heard by three (3) neutral arbitrators designated by the AAA, JAMS or like organization. The panel will reconsider all factual and legal issues following the same rules of procedure and, based on majority vote, determine whether any reversible error has occurred. Any final arbitration award, rendered in a reasoned opinion, will be binding on the named parties and enforceable by any court having jurisdiction.

Each Party will be responsible for their own costs and fees of arbitration, unless otherwise allocated by the arbitration administrator's rules and applicable law.

Once the arbitration administrator has been determined, rules and forms may be obtained from, and claims may be filed with the AAA, JAMS or the applicable arbitration administrator at their respective web page. Arbitration hearings will take place in the county seat of the Texas county of Customer's business headquarters at the time the claim is filed. If Customer's business headquarters is outside the State of Texas or the U.S., the arbitration proceeding shall be conducted in San Antonio, Texas.

It is possible that third parties involved in the negotiation, mediation, and arbitration protocol, such as lawyers, accountants, or contractors, who offer products or services to the public may be Frost customers. Bank provides this information only as a courtesy and convenience to Customer. Bank does not make any warranties or representations about the third parties or their products or services. Bank is not responsible for the third party's performance or to help resolve any dispute between Customer and the third party.

Customer agrees that, unless a different period is set forth herein, any claim, action, suit or proceeding against Bank for damages resulting in any respect from Bank's acts or omissions in its performance under this Agreement must be brought within two (2) years from the date of Bank's alleged act or omission.

30. ASSIGNMENT. Customer may not assign all or any part of its rights or obligations under the Agreement without Bank's prior express written consent, which may be withheld in Bank's sole discretion. No assignment will be valid or binding on Bank, and Bank will not be considered to have "knowledge" of it, until Bank consents and the assignment is noted in Bank's records. By noting the assignment, Bank does not, however, have any responsibility to assure that the assignment is valid. Bank may assign or delegate all or any part of its rights or obligations under the Agreement, including, without limitation, the performance of the Services described herein. The Agreement will be binding on and inure to the benefit of the successors and permitted assigns of either party.

31. NO THIRD PARTY BENEFICIARIES. The Agreement is for the benefit of Customer and Bank and is not intended to grant, and shall not be construed as granting, any rights to or otherwise benefiting any other person, except as expressly otherwise provided for in the Agreement.

32. OTHER AGREEMENTS; SEVERABILITY; CONSTRUCTION. If any provision of the Agreement or of any writing used in connection with the Agreement is unlawful or unenforceable, each such provision or writing will be without force and effect without thereby affecting any other provision hereof. No waiver of the provisions herein shall be effective unless in writing and signed by the party to be charged with such waiver. No waiver shall be deemed a continuing waiver unless expressly so stated in writing. The headings in the Agreement are for convenience or reference only and will not govern the interpretation of the provisions. Unless it would be inconsistent to do so, words and phrases used in the Agreement should be construed so the singular includes the plural and the plural includes the singular. Any provision that by its terms or operation is designed to survive termination, expiration or cancellation of this Service shall so survive.

- (b) Rules. Uniform Commercial Code; Rules. Uniform Commercial Code Article 4A (“Electronic Funds Transfers”) states, as adopted in Texas (as Section 4A.501 of the Texas Business and Commerce Code), that the rights and obligations of a party to a funds transfer may be varied by agreement of the affected party. Under this general exception in the Uniform Commercial Code, the operation of the ACH Network is governed by NACHA’s Operating Rules and Operating Guidelines (the “NACHA Rules”). Customer acknowledges that it has obtained access to the NACHA Rules and will regularly obtain and review updates to the NACHA Rules. Customer hereby agrees to comply with all NACHA Rules (including, but not limited to, ACH rules) as now existing or subsequently amended. Customer hereby understands and agrees that Bank is only able to provide ACH Services to Customer via Bank’s role as both an ODFI and RDFI, as applicable, under the NACHA Rules, that Bank must comply with all of the NACHA Rules in order to provide ACH Services, and that Bank’s compliance with the NACHA Rules includes, but is not limited to, immediately suspending or ceasing any ACH Services provided to Customer if Bank must, in Bank’s sole and absolute discretion, take such action against Customer to comply with NACHA Rules and to avoid or mitigate any fines or penalties being assessed against Bank by NACHA for Customer’s ACH activities. In addition to the other rights that Bank has under this Agreement, Customer understands and acknowledges that Bank has the right to audit Customer with respect to Customer’s compliance with the ACH Service Specific Provisions of this Agreement and with respect to Customer’s compliance with NACHA Rules. In order to receive Electronic Data Interchange (“EDI”) data a Customer may access EDI files using Bank’s FTP site in NACHA format, or Customer can choose to receive a translated copy through Bank’s Commercial Online Banking Services.

2. ACH SERVICES APPROVAL AND UNDERWRITING PROCESS.

- (a) Bank Approval and Monitoring of Customer’s ACH Operations Risk. Customer agrees and acknowledges Bank shall provide ACH Services to Customer subject to Bank’s prior approval. To obtain approval from Bank,

Customer is required to undergo Bank's screening and risk analysis process regarding Customer's proposed ACH operations. In addition, after any initial approval for ACH Services by Bank, Bank shall also, from time-to-time and in its sole discretion (including the occurrence of certain events described in subsection (c) below), undertake additional ACH operations credit and risk analysis monitoring activities that are deemed necessary, in Bank's sole and absolute discretion, while Bank is providing ACH Services to an approved Customer. Customer agrees to cooperate with Bank regarding any ongoing risk analysis activities by Bank, including providing financial or other documents in a timely manner upon Bank's request, and taking any risk mitigation or other ACH Entry origination procedures as required by Bank.

- (b) ACH Operations Credit and Risk Criteria. Bank's ACH operations credit and risk analysis shall be based on certain factors deemed relevant by Bank in its sole discretion, including, but not limited to, the following factors: (i) the credit worthiness, financial condition and financial performance of Customer, particularly Customer's capital adequacy relative to Customer's ACH activity volume; (ii) the nature, conduct and geographic location of Customer's business, including whether Customer engages in certain high-risk ACH activities or transaction environments, or whether certain "Standard Entry Class" ("SEC") codes that Bank either deems to be high-risk or does not allow are present in Customer's ACH transactions; (iii) the historic level and dollar amounts of Customer's ACH returns, including any return levels or dollar amounts in excess of generally acceptable ACH return parameters (as determined by Bank in its sole discretion), or a sudden increase in Customer's ACH return levels; and (iv) whether Customer adheres to all authorization requirements set forth in detail in Section 5 below.
- (c) Material Change in Credit and Risk Analysis Criteria. In the event a Customer approved for ACH Services either fails to maintain the minimum risk analysis criteria as required by Bank, or if, in the opinion of Bank, Customer undergoes a material change in its operations that Bank believes increases the risk of Customer's ACH operations, then Bank may, in its sole discretion, take any and all of the following actions: require Customer to pre-fund their ACH activities (as defined in Section 3 below); require Customer to establish a Reserve Account (as defined in Subsection (d) below); or suspend or terminate ACH Services to Customer, generally upon ten (10) days prior written notice from Bank, or suspend or terminate immediately upon notice to Customer, if Bank deems such immediate action necessary, in Bank's sole discretion, to comply with NACHA Rules. Events that constitute a material change in a Customer's business operations include, but are not limited to: (i) levels of ACH returns that exceed generally acceptable return levels (as determined by Bank); (ii) a significant or sudden increase in Customer's ACH return levels as compared to Customer's historic ACH return levels; (iii) significant changes in the nature of Customer's business, including its product and services lines or transaction environments; or (iv) the occurrence of any other event that Bank believes represents a material change in Customer's financial performance or financial condition. Upon learning of any such material change, Bank will inform Customer of the issue, and Bank may exercise its right to temporarily suspend Customer's ACH Services in order to investigate the issue. After investigation, Bank may invoke its rights to require Customer to Pre-fund ACH Services or to establish a Reserve Account, or Bank may, in its sole discretion, exercise its right to terminate ACH Services to Customer generally upon ten (10) days prior written notice from Bank, or immediately if Bank deems immediate termination necessary, in Bank's sole discretion, to comply with NACHA Rules.
- (d) Reserve Account. Upon written notification by Bank, a Customer shall immediately establish a separate account funded with an amount required to protect Bank against the risks associated with Customer's ACH operations (the "Reserve Account"). Such Reserve Account must be established by the date requested by Bank, and the required Reserve Account amount expressly includes any existing or anticipated Customer-related ACH returns, including all fees, costs, fines and penalties assessed against either Customer or Bank associated with such Customer-related ACH returns. The Reserve Account will not bear interest, and Customer will not have any right or interest in the Reserve Account funds; provided that upon satisfaction of all of Customer's obligations under this Agreement, Bank will pay any funds remaining in the Reserve account no sooner than ninety (90) days after the effective date of termination of Customer's ACH Services pursuant to NACHA Rules and Federal Reserve Board's Regulation E. Effective upon the establishment of any Reserve Account, Customer irrevocably grants Bank a security interest in the Reserve Account and any and all funds in the Account, together with the proceeds thereof. Customer also agrees to execute and deliver to Bank such instruments and documents that Bank may reasonably request to perfect and confirm the security interest and Bank's right of

setoff in the Reserve Account. Customer understands and acknowledges that Customer's failure to establish and fund a Reserve Account immediately upon Bank's request shall be grounds for immediate termination of Customer's ACH Services provided by Bank, with such termination in Bank's sole discretion.

- 3. PREFUNDING OF ACH CREDIT ENTRIES.** Customer may elect to prefund ACH Credit Entries, or if a Customer does not meet Bank's minimum credit and risk analysis requirements to become fully approved for ACH Services, Bank may choose to offer Customer the option of obtaining ACH Services on a pre-funded basis ("Prefunding"). Bank can also exercise its rights under Section 2 to require a Customer approved for ACH services to begin Prefunding its ACH Services. If Bank exercises its rights to require Prefunding under Section 2 and Customer does not immediately comply with Bank's request, then such non-compliance shall be grounds for immediate termination of Customer's ACH Services provided by Bank, with Bank having sole discretion over any such termination.

When ACH Credit Entries are prefunded, if Customer's account has funds that are at least equal to the amount of the ACH credit Entry file, then the ACH credit Entry file will be processed as normal on the date the file is received and processed by Bank. However, if Customer does not have the necessary funds available in their account, then the ACH system will continue to check for funds each time Bank's operations area sends a batch to the ACH Operator. If funds become available in Customer's account regarding an ACH credit Entry file that was previously unfunded, then the ACH system will automatically pick up that ACH credit Entry file in the next batch run. If, however, the ACH credit Entry file is unfunded, then Bank's ACH department will notify the appropriate Bank officer to inform such Bank officer that the Prefunding Customer is trying to process an ACH credit Entry file without the necessary funds. Bank officer will then have the option to contact Customer to fund the Account. The ACH credit Entry file will sit on Bank's ACH system in suspense until the intended effective date. If the ACH credit Entry file is still not funded, it will be deleted from Bank's system.

- 4. DELIVERY OF ENTRIES.** Customer shall deliver Entries to Bank's ACH Operations Department. Entries shall be deemed delivered to Bank when the applicable security procedures with respect to submission as set forth herein have been complied with and the submission to Bank is completed in accordance with the Agreement.

The Cutoff Time for Same-Day Entries shall be 12:00 p.m. Central Time. If Entries are delivered to Bank after the Cutoff Time on a Business Day, Bank may treat such Entries as having been received on the next following Business Day. Entries delivered to Bank shall be prepared and submitted in compliance with the formatting and other requirements as set forth in the NACHA Rules and in accordance with the provisions of the Agreement.
- (c) Sensitive Information. Customer shall not send banking information over an unsecured Internet connection. Communications sent to Bank over the Internet are considered unsecured unless the information is encrypted with at least the equivalent of 128-bit encryption technology or transmitted via a secure session using a commercially reasonable security technology that provides a level of security that is at least equivalent to 128-bit RC4 encryption technology. Banking information is sensitive personal or private information that includes, but is not limited to: banking routing number, account number, Social Security number, and ACH Entries. **CUSTOMER ACKNOWLEDGES AND AGREES THAT ANY REQUESTS SENT VIA E-MAIL OR OTHER ELECTRONIC COMMUNICATION TO BANK THROUGH AN UNSECURED ELECTRONIC NETWORK ARE IN VIOLATION OF BANK AND NACHA POLICY AND PROCEDURES. CUSTOMER UNDERSTANDS AND AGREES THAT BANK IS NOT LIABLE FOR ANY LOSS OR DAMAGE INCURRED BY CUSTOMER WHEN AN UNAUTHORIZED PERSON GAINS ACCESS TO ANY SUCH E-MAIL OR OTHER ELECTRONIC COMMUNICATION. CUSTOMER AGREES TO INDEMNIFY AND HOLD BANK HARMLESS IF BANK ACTS WITH ORDINARY CARE IN GOOD FAITH BY RESPONDING TO ANY E-MAIL OR OTHER ELECTRONIC COMMUNICATION PURPORTED TO BE SENT BY CUSTOMER. BANK'S IMPLEMENTATION OF ITS NORMAL PROCEDURES REGARDING RECEIPT AND MAINTENANCE OF CONFIDENTIAL INFORMATION CONSTITUTES ITS EXERCISE OF DUE CARE.**

5. AUTHORIZATION OF ENTRIES. Customer shall:

- (a) Authorization. Obtain authorization from the “Receiver” of any Entry (e.g., Customer’s employee or customer or other person whose account is to be debited/credited for the Entry) through either a written authorization agreement, as required by the NACHA Rules or by any other method of authorization allowed under and in accordance with the NACHA Rules, before initiating any Entry to the Receiver’s account; such authorization agreement must authorize Customer to initiate Entries to the Receiver’s account and to initiate, if necessary, entries and adjustments for any Entries made in error to the Receiver’s account. Customer shall comply with all provisions of the federal Electronic Funds Transfer Act (“EFTA”), including the requirements of Regulation E promulgated by the U.S. Federal Reserve Board in accordance with EFTA, if applicable, and the provisions of the Texas Uniform Commercial Code Section 4A, if applicable. Furthermore, Customer shall perform its obligations in accordance with all other applicable laws and regulations, including but not limited to the foregoing with respect to obtaining and documenting authorization from the Receiver of any Entry. Customer understands, acknowledges and agrees that ACH Entries to a Receiver’s account where the individual name does not match the account information will be posted based on the account information provided in the ACH transaction, not based on the name, individual identification or other information provided in the ACH Entry. It is the sole responsibility of Customer to verify that the individual signing the ACH authorization is in fact entitled to use the specified account. Customer may obtain and store the authorization by electronic methods as long as: (i) the electronic record accurately reflects the information in the document; (ii) the electronic authorization is similarly authenticated (e.g. through the use of a digital signature, PIN, password, shared secret, etc.); and (iii) the electronic record is capable of being accurately reproduced for future reference, whether by transmission, printing or other reproduction;

- (i) Back Office Conversion Entries. With respect to any ACH debit Entry to an account of a purchaser (e.g. a customer of Bank’s Customer) that is the result of Customer’s “Back Office Conversion” process, Customer acknowledges and agrees that all such Back Office Conversion Entries must be made in accordance with applicable law and the NACHA Rules for Back Office Conversion Entries. Customer hereby represents and warrants to Bank, to the extent not already represented and warranted herein: (i) Customer complies with applicable provisions of the EFTA, Regulation E and the NACHA Rules, including the requirements regarding (a) posting conspicuous notice to purchasers indicating that any “source document” (typically a check) presented at Customer’s register may be used to create “electronic checks” to be sent for collection to the purchaser’s account and listing Customer’s telephone number for questions regarding the transaction, and (b) the requirement that the purchaser be provided with a copy of such notice at the time of the transaction; (ii) the amount of the Entry, the routing number, the account number, and the check serial number reflected in the ACH Entry are in accordance with the source document; (iii) Customer has employed commercially reasonable procedures to verify the identity of the Receiver; (iv) Customer will maintain a reproducible, legible image, microfilm or copy of the front of the source document for two (2) years from the settlement date; (v) Customer will provide a copy of the source document within six (6) Business Days upon a written request from Bank, and such copy will indicate that it is a copy on its face; (vi) the source document used for the ACH Entry will not be presented or returned such that any purchaser will be required to make payment based on the

With respect to any debit Entry to a consumer account authorized pursuant to the NACHA Rules at a point-of-purchase (“Point Of Purchase Entry” or “POP”), Customer represents and warrants to Bank, to the extent not already represented and warranted herein: (i) Customer has provided the Receiver a receipt containing the information required in the NACHA Rules, including without limitation the city and state in which the electronic terminal for the point-of-purchase transaction was located; (ii) the source document provided to Customer for use in obtaining the Receiver’s routing number, account number, and check serial number for the initiation of the POP Entry has been returned voided to the Receiver after use by Customer and has not been provided by the Receiver for use in any prior POP Entry; and (iii) Customer has employed commercially reasonable methods to securely store all electronic or other banking information relating to POP Entries; and
- (k) International (“IAT”) Entries. Under no circumstances is Customer allowed to initiate any ACH Entries to a Receiver that is located in a country outside the U.S., and Customer is specifically not permitted to initiate IAT ACH Entries. Customer understands that failure to abide by such restrictions may result in Bank’s immediately suspending or terminating Customer’s ACH Services.

6. SECURITY PROCEDURES. Customer and Bank shall comply with the following security procedures with regard to the delivery of Entries and requests for cancellation or amendment of Entries by Customer to Bank:

- (a) Delivery of Entries by Direct Send. The following procedures shall be followed in delivering direct send Entries to Bank by FTP: (i) on the date that the Entry is transmitted, Customer (or an agent of Customer) shall send to Bank’s ACH Operations Department authorization to process the Entries, delivered by either a facsimile, email or message via Bank’s Commercial Online Banking Service to Bank’s ACH Operations Department; (ii) as evidence of authorization for processing, an Authorized Party, Service Setup Administrator or User of Customer must sign and be authenticated by Bank; (iii) the Effective Date for and the total dollar amount of Entries in the file, as included in the Entry data transmission, must match the information in the authorization; and (iv) the Entry data will be deemed delivered to Bank when all steps as described in this Section have been complied with and the transmission is completed;
- (b) Delivery of Entries by Commercial Online Banking Services. The following procedures shall be followed in delivering Entries to Bank by Bank’s Commercial Online Banking Services: (i) on the date that the Entry is transmitted, Customer (or an agent of Customer) will have initially logged into Bank’s Commercial Online Banking Services using their log-in credentials and AAI. Entries will require separate approval by another Authorized Party, Service Setup Administrator or User of Customer (or an agent of Customer) using their log-in credentials and AAI prior to acceptance by Bank as evidence of authorization and authentication for processing; and (ii) the Entry data will be deemed delivered to Bank when all steps as described in this Section have been complied with and the transmission is completed;
- (c) Requests for Cancellations or Amendments. Any Authorized Party or User of Customer may request a cancellation or amendment of an Entry on behalf of Customer in the manner set forth below: (i) Customer shall transmit to Bank’s ACH Operations Department a facsimile copy of a written request for cancellation or amendment of an Entry, signed by an Authorized Party or User of Customer; and (ii) the request or authorization will not be considered received by Bank until all steps as described in this Section have been completed.

7. EXPOSURE LIMIT; FILE AND DAILY LIMIT (“LIMITS”).

- (a) Exposure Limit. The total dollar amount of all Entries delivered to Bank in any one file of Entries, plus all other Entries that remain unsettled in the ACH network, shall not exceed the “Exposure Limit(s)” set forth on the applicable ACH Service Setup Detail form. The Exposure Limit is determined by Bank in its sole and absolute discretion as part of the ACH Services approval and underwriting process described in Section 2 above. Bank

shall have the right to reduce Customer's Exposure Limit at any time immediately upon delivery of notice to Customer.

(b) File and Daily Limits.

- (i) Direct Send Customers. Customers who deliver files for ACH Entries by sending such files directly to Bank may establish separate file and daily limits on the dollar amount of ACH transactions that can be sent to Bank from Customer. If such a "Direct Send" Customer desires to change a file or daily limit, Customer shall submit the request to Bank at least ten (10) days prior to the desired effective date of the change. Customer agrees that Bank shall have no obligation to agree to any increase in any file or daily limit. Bank shall have the right to reduce an applicable file or daily limit at any time immediately upon delivery of notice to Customer.
- (ii) Commercial Online Banking Customers. For Customers sending ACH Entries through Bank's Commercial Online Banking product, Customer's Services Manager can establish file and daily limits within the ACH module of the Commercial Online Banking product. When Customer's Services Manager changes such file and daily limits, the changes are effective immediately, provided such changes are equal to or less than the Exposure Limit. ACH files sent to Bank are screened against these limits.

8. PROCESSING, TRANSMITTAL AND SETTLEMENT BY BANK.

- (a) Processing. Except as otherwise provided in these ACH Services provisions, Bank shall (i) process Entries received from Customer conforming to the requirements of the NACHA Rules; (ii) transmit such Entries as ODFI to the ACH Operator; and (iii) settle such Entries as provided in the NACHA Rules.
- (b) Transmitting Credit Entries. Bank will transmit credit Entries by the deadline of the ACH Operator two (2) Business Days prior to the Effective Entry Date shown in such Entries, provided that in each case such Entries are delivered to Bank by the applicable Cutoff Time and, if the ACH Services are being provided to Customer on a Prefund basis, Customer has funds available. Credit Entries are subject to the NACHA Rules, which generally dictate that credit is given provisionally by the RDFI to the ACH Receiver for the Entry, until the RDFI has received final settlement through the ACH network. If the RDFI does not receive such payment for such Entry, then under the NACHA Rules, the RDFI is entitled to a refund from the Receiver in the amount of the credit to the Receiver's Account and the Originator of the ACH credit Entry will not be considered to have paid the amount of the credit Entry to the Receiver.
- (c) Transmitting Debit Entries. Bank will transmit debit Entries designated for one-day settlement to the ACH Operator for one-day settlement by the deadline of the ACH Operator one (1) Business Day prior to the Effective Entry Date shown in such Entries.
- (d) Cut Offs. If Entries are delivered late (i.e., after the applicable Cutoff Time), or if the Effective Entry Date specified for the Entries is not a Business Day, then Bank may reject such Entries or Bank may, in its sole discretion, use its reasonable efforts to transmit such Entries to the ACH Operator by the next reasonably available deposit deadline of the ACH Operator following the applicable deadline specified in Section 2 of these ACH Services provisions. In no event will Bank be liable for any loss resulting from any failure of a Receiver's account to be debited/credited for an Entry on its Effective Entry Date which results from late delivery of the Entry to Bank, or which results from the Effective Entry Date specified for such Entry not being a Business Day.
- (e) On-Us Entries. All Entries received for debit/credit to an account maintained with Bank ("On-Us Entries") will be treated in accordance with this Section and as otherwise provided for in the Agreement.
- (f) Settlement.
 - (i) Credit Entries. Customer authorizes Bank to debit Customer's account for ACH credit Entries processed for Customer either: (a) on the date the ACH credit Entry file is effective; or (b) for Prefunded Customers, on the date the file is submitted to Bank for Processing.

(ii) Debit Entries. Bank shall credit Customer's Account for the amounts of debit Entries processed for Customer hereunder on the settlement date for such Entries; it being expressly understood, however, that each credit to Customer's Account on account of a debit Entry is provisional until Bank receives final settlement for such Entry, and Bank may charge-back to Customer's Account the amount of any debit Entry credited to Customer's Account for which Bank does not, for any reason, receive final settlement.

(g) Amendments to Entries. Customer authorizes Bank to credit Customer's Account for any amount received by Bank by reason of the return or cancellation of any credit Entry transmitted by Bank for which Bank has previously received payment (such credit to Customer's Account to be made on the date Bank receives such amount), and to debit Customer's Account for the amount of any returned debit Entry (such debit to Customer's Account to be made upon receipt by Bank of the returned Entry), and to debit or credit (as applicable) Customer's Account for any amendments made to Entries or for corrected Entries resubmitted.

(h) Customer agrees that upon termination of ACH origination activities by either Bank or Customer, Bank may require Customer to maintain an open Account with sufficient funds to accommodate any ACH Entries returned, or any other costs, associated with any ACH transactions occurring prior to the termination of ACH origination activities. This Account shall remain available for a minimum period of sixty (60) days, or longer if Bank believes, in its sole discretion, that such time extension is necessary to accommodate additional ACH Entry returns or associated costs.

9. REJECTION OF ENTRIES. Bank may reject any Entry (or group of Entries) which does not comply with, and/or is not delivered in accordance with, the requirements of this Agreement, or which contains an Effective Entry Date more than thirty (30) Business Days after the Business Day such Entry(s) is received by Bank. Bank shall also have the right to reject any Entry (including On-Us Entries) for any reason for which an Entry may be returned under the NACHA Rules. Bank shall have the right to reject any Entry if Customer has failed to comply with any of its account balance obligations under these ACH Services provisions. Bank will notify Customer of any such rejection by any method of notification authorized under the Agreement, no later than the Business Day such Entry would otherwise have been transmitted by Bank to the ACH Operator, as provided in Section 8 of these ACH Services provisions. Bank shall have no liability to Customer by reason of the rejection of any such Entry or the fact that such notice is not given at an earlier time than that provided for herein.

10. CANCELLATION, AMENDMENT OR CORRECTION OF ENTRIES. Customer shall have no right to cancel or amend any Entry after its receipt by Bank. However, Bank will use reasonable efforts to act on a request for cancellation or amendment of an Entry received from Customer prior to Bank's transmission of the Entry to the ACH Operator or, in the case of an On-Us Entry, prior to Bank's debit/credit of the Entry to a Receiver's account, but Bank shall have no liability if such cancellation or amendment is not affected. If Customer discovers that an Entry initiated by or on its behalf was in error, Customer may notify Bank of such error, however, such notification must be provided to Bank within twenty-four (24) hours after discovery of the error and must be provided by such means of notification as is authorized under the Agreement. Customer shall send or deliver to the Receiver written notice of such correction and the reason therefore prior to requesting the correction. Customer shall indemnify Bank from and against any Claims, demands, loss, liability or expense, including attorney's fees and costs, resulting directly or indirectly from compliance by Bank with any request for cancellation, amendment or correction of an Entry, whether or not the cancellation, amendment or correction is affected. All requests for cancellation, amendment or correction of Entries must be made by Customer in compliance with the Security Procedures for such requests as set forth herein.

11. RETURNED ENTRIES.

(a) Notification to Customer. Except as modified below in subsection (b) applicable to Bank providing systematic reclear for certain returned items, Bank will notify Customer or Customer's designated Agent of Bank's receipt of a returned Entry (or group of Entries) from the ACH Operator in accordance with the notice procedures authorized under the Agreement no later than one (1) Business Day after the Business Day of such receipt, and will debit/credit Customer's Account for the returned Entry(s) and provide confirmation thereof to Customer.

(b) Notifications of Change. Bank will notify Customer of all notifications of change received by Bank relating to Entries transmitted by Customer by sending a copy of such notification of change to Customer no later

than two (2) Business Days after Bank's receipt thereof. Customer must make the changes specified in the notification of change within six (6) Business Days after receiving the notice of change information or prior to initiating another Entry to the Receiver's account, whichever is later. Bank will compare each originated record to notifications of change and will replace data to correct returned items before distribution. Customer will have the opportunity to correct any information in returned entries and the Bank will only replace data for notifications that have not been acted on.

- (c) Resubmission. Customer shall assume the sole responsibility for remaking and resubmitting said Entry(s) in accordance with the requirements of the Agreement or otherwise handling the payments due the Receiver(s), unless the return was due to an error in the processing of such Entry(s) by Bank and sufficient data is available to Bank to permit it to remake and resubmit such Entry(s), in which event Bank will remake and resubmit such Entry(s). Bank assumes no other responsibility with respect to such returned Entries except for an Entry retransmitted by Customer in accordance with the requirements of the Agreement and the NACHA Rules, Bank shall have no obligation to retransmit a returned Entry to the ACH Operator if Bank complied with the requirements of the Agreement with respect to the original Entry. If Customer elects to obtain systematic reclear of ACH returns for insufficient or uncollected funds from Bank, Bank shall be responsible for systematically resubmitting Entry(s) that are returned for insufficient or uncollected funds. Customer agrees Bank will only resubmit such returns one time and that Bank will not collect return fees from the Receiver. Customer may specify a minimum and/or maximum returned Entry amount to be processed by Bank. For Entry(s) returned for stop payment of corrective action, resubmission shall be Customer's sole responsibility. Customer agrees that any reinitiation for returns due to stop payment will only be submitted after such reinitiation has been authorized by the Receiver. Also, prior to the reinitiation of Entry(s) returned for other reasons, Customer agrees it has taken necessary corrective action to remedy the reason for the Entry's return.
- (d) Limit on Resubmission; Return Fee Entries; XCK Entries. Except for RCK and Return Fee Entries, an ACH Entry returned for insufficient or uncollected funds may be reinitiated no more than two (2) times following the return of the original Entry. For RCK and Return Fee Entries, an Entry returned for insufficient (NSF) or uncollected funds (UCF) may be reinitiated as long as: (i) the RCK or Return Fee Entry accurately reflects the item or ACH transaction in question (RCK for check, or ARC, BOC or POP); (ii) Customer will not initiate an RCK or Return Fee Entry unless the related original ACH Entry has been returned either NSF or UCF by the RDFI; (iii) Customer as Originator has obtained the Receiver's explicit authorization according to applicable NACHA Rules to assess the RCK Entry or Return Fee Entry, including for Return Fee Entries for Receiver's who are consumers, if applicable; (iv) Customer as Originator has complied with all of the informational requirements to properly identify itself and the underlying transaction (including any check serial number, if applicable) for the RCK or Return Fee Entry under NACHA Rules; and (v) Customer will comply with the settlement deadlines under NACHA Rules for such entries. For RCK Entries, an Entry returned for NSF or UCF may be reinitiated as long as the item has been presented no more than one time in its physical form and no more than one time as an RCK Entry. For Return Fee Entries, Customer can originate only one (1) Return Fee Entry in relation to the underlying transaction returned NSF or UCF, regardless of the number of times the underlying ACH Entry is returned, and a Return Fee Entry that is itself returned NSF or UCF may be re-initiated in accordance with NACHA Rules, but Customer may not initiate a Return Fee Entry on a separate Return Fee Entry that is returned NSF or UCF. If Customer elects to obtain systematic reclear of ACH returns for insufficient or uncollected funds from Bank, recognizing the limitations imposed by the Rules, and Customer's use of Bank's systematic return reclear service, Customer can resubmit returns for insufficient or uncollected funds one additional time following Bank's resubmission of an Entry and its subsequent return, and any returned Entry must be reinitiated within one hundred eighty days after the Settlement Date of the Original Entry. Customers obtaining such services for systematic reclear of ACH returns for insufficient or uncollected funds also understand and acknowledge that Customer may use the XCK SEC code for checks that are either physically destroyed, or certain damaged checks that cannot be imaged or other check images that cannot be processed, provided that certain information necessary to process an ACH entry is still contained in the item or item image. Customer shall consult with Bank on whether or not to use the XCK SEC code under certain circumstances, and the appropriate use of such code may depend upon other image exchange or clearinghouse agreements that Bank may have in place.

- (e) TEL Returns. Where Bank or NACHA believes the return rate for Customer's TEL entries that are returned as unauthorized exceeds the normal and acceptable return rate for Customer, Bank shall notify Customer of such excessive unauthorized return rate and Customer, upon request from Bank, will provide the following information: (i) Customer's, address, telephone number, contact person, principal owner(s) and taxpayer identification number; (ii) the name, address, telephone number, contact person, principal owner(s) and taxpayer identification number of any Third-Party Service Provider acting on behalf of Customer with respect to origination of TEL entries, (iii) a general description of the nature of the business of Customer; and (iv) an explanation of the reason(s) for the excessive return rate. Customer will provide this information to Bank within five (5) business days after receipt of the request from Bank.
- (f) Returned ACH Entry Warning Notices. As part of Bank's ACH Services underwriting process as generally set forth in Section 2 above, Bank routinely monitors and submits reports to NACHA regarding Customers' historic ACH Entry return levels and dollar amounts. Under the NACHA Rules, if an individual Customer's ACH Entry return levels exceed certain parameters, then Bank, as the ODFI, is instructed to take certain actions to mitigate a Customer's unacceptable levels or dollar amounts of ACH Entry returns. If Bank does not comply with such requirements in its role as an ODFI, Bank is subject to censure, fines and penalties imposed by NACHA. Customer understands and agrees that in order to protect itself from risks, and to inform its Customers of problems with returned ACH Entries, Bank has implemented an "Excessive ACH Returns Warning Notice and Escalation Procedure," whereby Bank will inform Customer of Customer's excessive ACH Entry return levels or dollar amounts, as determined by Bank in its sole discretion, and Customer agrees to take all steps requested by Bank immediately to decrease the levels and/or dollar amounts of Customer's ACH returns. If Customer fails to comply with the required actions as outlined by Bank in any "Excessive ACH Returns Warning Notice," then such failure to comply shall be deemed to be a material violation of this Agreement, and Bank may, in its sole and absolute discretion, immediately terminate ACH Services to Customer.
- (g) Fees For Unauthorized ACH Debit Returns. If Customer originates an ACH debit Entry that is subsequently returned by the RDFI as unauthorized, Customer understands that Bank as the ODFI must pay an "Unauthorized Entry Fee" to the RDFI. In the event that such Unauthorized Entry Fee is charged to Bank as the ODFI for any ACH debit Entry that Customer originates, Customer understands and acknowledges that Bank may pass such fee through to Customer, and such fee shall be offset from Customer's Account(s). Such fee is in addition to any ACH Return Fee Bank may charge.

12. CUSTOMER REPRESENTATIONS; INDEMNITY. Customer represents to Bank and agrees that:

- (a) Receiver Authorizations for Credit Entries. Each person shown as the Receiver on a credit Entry received by Bank from Customer has, by an authorization agreement in accordance with the NACHA Rules, authorized the initiation of such Entry and the crediting of the Receiver's account in the amount and on the Effective Entry Date shown on such Entry, and has authorized the initiation, if necessary, of debit Entries and adjustments for any credit Entries made in error to the Receiver's account;
- (b) Receiver Authorizations for Debit Entries. Each debit Entry received by Bank from Customer is for a sum due and owing to Customer by the Receiver of such debit Entry, or is for a sum specified by such Receiver to be paid to Customer, or is a correction of a previously submitted erroneous credit Entry, and such Receiver has duly authorized such Entry by an authorization agreement in accordance with the NACHA Rules. Without limiting the foregoing, reinitiation of any debit Entry previously returned for stop payment has been authorized by the Receiver;
- (c) Effective Authorizations. Each such authorization with respect to an Entry is operative at the time of transmittal or debiting/crediting by Bank as provided herein; and at the time each Entry is processed by Bank, Customer has no knowledge of revocation by such Receiver of such authorization, and Customer has no knowledge of any revocation by such RDFI of its agreement to accept such Entry, or any knowledge that such Receiver's authorization for such Entry has been terminated, in whole or in part, by operation of law or otherwise;

- (d) Types of Entries. Entries transmitted to Bank by Customer are limited to those types of Entries identified to Customer by Bank, as listed in the ACH Service Setup Detail form;
- (e) ACH NACHA Rules. Customer shall be bound by and comply with the NACHA Rules as in effect from time to time, including, without limitation, the provision thereof making payment of an Entry by the RDFI to the Receiver provisional until receipt by the RDFI of final settlement for such Entry; and Customer specifically acknowledges that it has received notice of this NACHA Rule and of the fact that, if such settlement is not received, the RDFI shall be entitled to a refund from the Receiver of the amount credited and Customer shall not be deemed to have paid the Receiver the amount of the Entry. In addition, Customer acknowledges that they are bound by all of the NACHA Rules regarding error resolution procedures for Receivers (including those regarding erroneous Entries), Receiver authorization and return issues (including investigation and proper handling of Written Statement of Unauthorized Debit), and that Customer or any of Customer's third-party ACH processors have policies and procedures in place to investigate and resolve Receiver stop payment and revocation of authorization issues in accordance with NACHA Rules; and
- (f) Legal Obligations. Customer shall perform its activities under the Agreement in accordance with all applicable laws and regulations, including without limitation the regulations of OFAC of the U.S. Department of the Treasury. **IN ADDITION TO THE INDEMNIFICATION OF BANK BY CUSTOMER AS SET FORTH ELSEWHERE IN THIS AGREEMENT, IN THE EVENT THAT CUSTOMER, OR A THIRD-PARTY AGENT ACTING ON BEHALF OF AND WITH AUTHORITY FROM CUSTOMER, IS THE ORIGINATOR OF ACH ENTRIES AND FAILS TO PERFORM ITS OBLIGATIONS AS AN ORIGINATOR UNDER THE NACHA RULES, CUSTOMER HEREBY INDEMNIFIES BANK FROM ANY AND ALL CLAIMS, DEMANDS, LOSSES, LIABILITY OR EXPENSE, INCLUDING ATTORNEYS' FEES, FINES, PENALTIES AND ANY OTHER COSTS THAT RESULT DIRECTLY OR INDIRECTLY FROM THE FAILURE OF CUSTOMER OR ITS THIRD-PARTY AGENT TO PERFORM ITS OBLIGATIONS UNDER THE NACHA RULES.**
- (g) No Third Party Processing. Customer represents and warrants that it does not engage in any activities that would cause Customer to fall within the definition of "Third Party Processor" under NACHA Rules. Customer understands that NACHA Rules require Bank to register all "Third Party Processor" customers with NACHA. In the event that Customer misrepresents its activities to Bank and is conducting activities that would qualify it as a "Third Party Processor" under NACHA Rules, and Bank incurs any fines, fees, or other penalties from NACHA regarding failure to register Customer as a "Third Party Processor," Customer agrees to pay any fines, fees or penalties imposed on Bank by NACHA as a result of customer's misrepresentation.

13. EXPRESS LIMITATIONS ON BANK'S LIABILITY. Customer understands and expressly assumes all risks related to Bank immediately suspending or terminating Customer's ACH Services under this Agreement, including, but not limited to, Bank immediately suspending or terminating Customer's ACH Services due to Customer's non-compliance with Bank's requirements as set forth in any "Excessive ACH Returns Warning Notice." **CUSTOMER UNDERSTANDS AND EXPRESSLY ACKNOWLEDGES AND AGREES THAT, IN ADDITION TO THE LIMITATIONS ON LIABILITY SET FORTH ELSEWHERE IN THIS AGREEMENT, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, BANK SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, INDIRECT, EXEMPLARY, SPECIAL OR PUNITIVE DAMAGES (INCLUDING, WITHOUT LIMITATION, LOSS OF REVENUE OR ANTICIPATED PROFITS OR FOR ANY INDIRECT LOSS THAT CUSTOMER MAY INCUR OR SUFFER IN CONNECTION WITH BANK TERMINATING CUSTOMER'S ACH SERVICES IN ACCORDANCE WITH THIS AGREEMENT.)**

14. PRE-NOTIFICATION. Notwithstanding anything to the contrary in the NACHA Rules, Customer shall provide to Bank, three (3) Business Days prior to initiation of any new Entry, a pre-notification record which shall include Receiver's name, identification number, account number, RDFI's routing transit number, and zero-dollar amount. If Customer's pre-notification record is rejected by an RDFI and Customer is so notified, Customer must correct the reason for rejection, resubmit another pre-notification record, and wait the prescribed three (3) Business Days before submitting any further Entries for the Receiver(s) in question.

15. DATA RETENTION. Customer shall retain data on file adequate to permit the remaking of Entries for one (1) year following the date of the ACH Entry transmittal by Bank as provided herein, and shall provide such data to Bank upon Bank's request.

16. SAME-DAY ENTRIES. Customer may request to enroll in Same-Day Entries by contacting Bank. If Customer requests to enroll in Same-Day Entries and Bank approves Customer's request, in Bank's sole discretion, Customer may designate certain Entries to be originated as Same-Day Entries. Notwithstanding the Cutoff Times contained in Section 4(b) of the Agreement, the Cutoff Time for Same-Day Entries shall be 12:00 p.m. Central Time. If a Same-Day Entry is delivered to Bank after 12:00 p.m. Central Time on a Business Day or on a day that is not a Business Day, Bank may treat such Entry as having been received on the next following Business Day. Same-Day Entries delivered to Bank shall be prepared and submitted in compliance with the instructions and other requirements set forth in Bank's Commercial Online Banking service, the NACHA Rules, and the Agreement. Customer understands that any Entries above \$1,000,000.00 and IAT Entries are not eligible for Same-Day ACH processing and Customer further agrees it will not structure Entries to avoid these eligibility restrictions.

Bank will make all necessary adjustments to reflect under- or over-payments on the next Business Day on which exact figures become available. Bank will make an extraordinary charge or credit to the monthly account analysis for the Disbursement Account based upon the applicable federal funds rate in order to reflect any such under- or over-payment. This action may affect compensating balance levels for the Disbursement Account.

Foreign Draft Services

- 1. THE SERVICE.** Customer may request Bank to send a foreign draft to a consumer, business or entity located in a foreign country in the currency of a foreign country as selected by Customer.
- 2. REQUEST FOR FOREIGN DRAFT.** To request a foreign draft, Customer agrees to follow the instructions and provide the information required by the Frost Global Trade Services website portal. If Customer requests that Bank deliver the foreign draft to the beneficiary in accordance with Section (8) below, then Customer must also complete and submit the required beneficiary delivery information instructed by Frost Global Trade Services.
- 3. EXPIRATION OF FOREIGN DRAFT.** Customer understands and agrees that the foreign draft should be presented to the bank on which it is drawn (the “drawee”) within six (6) months of the date of the foreign draft. If the foreign draft is not presented within this time frame, Customer understands that the drawee may refuse to pay the foreign draft because of the delay.
- 4. LIMITATION OF BANK’S LIABILITY.** Customer understands and agrees that Bank is not liable for drawee bank’s failure or refusal to pay the foreign draft for any reason, including delayed presentation, that Customer assumes all payment risks, and that Customer must agree to the foreign exchange currency rates determined at the time Customer requests and approves the issuance of the foreign draft in the Frost Global Trade Services website portal. In addition, Customer agrees to pay Bank’s fees associated with the Foreign Draft Services.
- 5. COMPLIANCE WITH APPLICABLE LAW.** Customer understands and agrees that it will not request that a foreign draft be issued if such foreign draft would constitute a prohibited financial transaction, as determined by the U.S. Treasury’s Office of Foreign Assets Control (“OFAC”). However, as an abundance of caution, due diligence will also be performed by Bank on all foreign drafts to be issued by Bank to ensure that such transfers are not OFAC prohibited financial transactions. As such, any foreign draft request transfer which Customer makes will be screened for a valid OFAC match of both Customer as initiator and foreign draft beneficiary receiver of such foreign draft, as well as the destination country receiving the funds. If Bank has a positive match, the funds will be impounded as required by OFAC and Customer will be advised of Bank’s action. Additionally, Bank will also review requested foreign drafts against its own internal high risk assessments, based on guidance from governmental sources, and Customer will be notified if Bank detects foreign draft requests whose funds are to be delivered to a designated beneficiary or to a country deemed to be high risk and confer with Customer prior to issuing such foreign draft.
- 6. REFUND OF FOREIGN DRAFT.** If for any reason the drawee bank fails to pay the foreign draft, or the foreign draft is stopped, canceled or otherwise not negotiated, Bank shall make refunds only upon (i) surrender of the foreign draft, properly endorsed to Bank, or (ii) Bank’s recovery from the drawee the amount of the foreign draft, less any charges or expenses. Refund will be at Bank’s buying rate of the currency for which the foreign draft is drawn, calculated at the date of the refund.
- 7. FOREIGN DRAFT DELIVERY INSTRUCTIONS.** If Customer requests that Bank deliver the foreign draft to Customer, Customer agrees that such delivery will utilize Bank’s express delivery service and that Bank’s current fees for such express delivery service will apply. Bank is not responsible for any delays on the part of such express delivery service. If Customer requests that Bank deliver the foreign draft to the beneficiary, Customer agrees that such delivery will utilize Bank’s express delivery service and that Bank’s current fees for such express delivery service will apply. Customer is responsible for the accuracy of beneficiary address information and for accuracy of any remittance information or coupon Customer instructs Bank to include with such delivery. Bank is not responsible for any delays on the part of such express delivery service, and Bank is not responsible for any delay or failure of payment of any foreign draft due to errors in beneficiary address or foreign draft remittance information provided by Customer to Bank.

Integrated Payables Services

1. THE SERVICE.

- (a) Generally. If Customer has requested, and Bank, in its sole discretion, has agreed to permit Customer to utilize the integrated web-based business accounts payable and payment automation Services (as described below) (the "Integrated Payables Services") offered by the Bank through Bank's third party service provider, these provisions shall apply to the Integrated Payables Services and the Customer's use thereof, including the use of the Integrated Payables Services by Customer's Authorized Parties or any other employees, representatives, or personnel who have been given permission by Customer through the Integrated Payables Services product to access and use the Integrated Payables Services on behalf of Customer on selected Customer Deposit Account(s) as identified to the Bank. The Deposit Account(s) will be the Customer's designated funding source for the Integrated Payables Services. Customer understands that for purposes of the Integrated Payables Services, Bank's third party service provider is acting as a third party service provider to the Bank and is not itself an "Originator", "ODFI", or "RDFI" as such terms are defined under the NACHA Rules.
- (b) Customer acknowledges and agrees that the third party service provider providing the Integrated Payables Services is not affiliated with or endorsed by Bank. Customer further agrees that Bank does not guarantee Integrated Payables Services performance and is not liable for the actions or inactions of Bank's third party service provider providing the Integrated Payables Services to Customer.
- (c) Customer agrees and acknowledges that its ability to obtain the Integrated Payables Services is dependent upon the Bank's third party service provider. In the event that such third party service provider's network, software, or services become unavailable, or Bank determines, in its discretion, that it cannot continue

providing Integrated Payables Services, Bank may discontinue Integrated Payables Services upon notice to the Customer, and Bank will have no liability for the unavailability of access or such discontinuation of Services. In no event will Bank be responsible for any Integrated Payables Services or equipment that Customer receives from Bank's third party service provider for the Services.

- (d) Customer agrees and acknowledges that once an automatic payment file is submitted by the Customer to Bank's third party service provider, the third party service provider will automatically execute payment instructions according to the applicable Customer instructions for each Integrated Payables Services payment. If no instructions are included for a specific payment, then Bank's third party service provider may include such payment to Customer's vendor that has confirmed that it will take a payment by ACH Entry (as further described below). Bank's third party service provider will provide Customer a report confirming how each Integrated Payables Services payment was executed which is accessible through a client portal (e.g. the method of payment as described in Section 2 below).
- (e) Bank's third party service provider will provide Customer with certain Integrated Payables Services payment activity reports, but Customer is responsible for reviewing such reports and addressing (and reporting, if applicable) issues regarding potential risk, loss and unauthorized or fraudulent transactions.

2. INTEGRATED PAYABLES PAYMENT METHODS. The Integrated Payables Services allows Customer to submit for processing with Bank's third party service provider a single payment file with multiple payment method types as follows:

- (a) Physical Check Printing and Mailing. Bank's third party service provider will process check payment files submitted by the Customer to the Bank's third party service provider. Each check payment record contained in the payment file submitted by Customer will be printed, packaged and delivered based on payee, amount and the distribution and mailing information provided by the Customer. Bank's third party service provider may not have the ability to edit or cancel the payment instruction after a check print and mail payment instruction has been submitted by Customer. Checks will generally be printed and mailed by Bank's third party service provider by the next Business Day for all check files delivered by Customer to the Bank's third party service provider by 11:00 pm Eastern Time on a Business Day. If a file is submitted by a Customer prior to a Business Day after the applicable Cutoff Time stated above, then the checks will be printed and mailed two (2) Business Days after Customer submits the file to the Bank's third party service provider. If a file is submitted by a Customer on a non-Business Day before the daily Cutoff Time stated above, then the checks will be printed and mailed the next Business Day. Bank will work with Customer to provide Bank's third party service provider with Customer's check signature image files and a sample check payment data file with corresponding record layout to initiate physical check printing and mailing. Bank's third party service provider will store the Customer's physical check payment data information in a database for archival and reporting purposes containing the most recent twenty-four (24) months of payment history available via online access through the Bank's third party service provider Integrated Payables portal. Checks processed under the Integrated Payables Services are still eligible for Bank's Positive Pay services for checks.
- (b) Integrated Payables ACH Entries. Bank's third party service provider will provide a hosted vendor portal that enables Customer's vendors to register the vendor's bank account information in order for Customer's vendor to receive electronic payments from Customer via ACH Entry. Bank's third party service provider will design a custom vendor adoption campaign for each Customer who wants to encourage its vendors to convert current physical check payments to ACH Entry payments, and will work directly with Customer for execution of such vendor conversion campaign. Once Customer's vendor has registered and been verified and approved by Bank's third party service provider for vendor's participation in the vendor portal, Third Party Service Provider will automatically convert checks file information received from Customer to ACH Entry payments for each Integrated Payables registered vendor. Bank will work with Customer to provide Bank's third party service provider with a list of Customer's vendors for outreach campaign for physical check to ACH Entry payments conversion. Customer must also assign each vendor a unique vendor ID in the Customer's data payment file, and Customer must provide a sample payment data file with corresponding record layout to initiate ACH Entry payments. Bank's third party service provider will work with Bank as the ODFI for such Integrated Payables ACH Entry payments, and the terms and conditions of ACH Services provisions of the

Procedures shall apply to any ACH Entries sent by Bank as the ODFI (including provisions regarding security, applicable Cutoff Times and Settlement Times). Additionally, Customer is able to send ACH Entry payments without vendors needing to register. Customer would pass the required information to complete the ACH Entry payment in the file, such as payee account number and routing number, along with any other relevant data. Bank's third party service provider will store the Customer's ACH Entry payments data information in a database for archival and reporting purposes containing the most recent twenty-four (24) months of payment history available via online access through the Bank's third party service provider Integrated Payables portal. ACH Entries processed under the Integrated Payables Services are still eligible for Bank's Fraud Prevention services for ACH (ACH blocking, ACH blocking with review, ACH filtering and SEC blocking).

(c) Virtual Card Payments. Bank's third party service provider will process payments by issuance of one-time payment account information (a "Virtual Card"). If Customer elects to implement Virtual Card payments, Customer will be required to enter into Bank's separate Commercial Card Credit Agreement.

3. ELIGIBLE ACCOUNTS. The Integrated Payables Services are only applicable to Customer's demand deposit Account(s) with Bank. Non-transaction Accounts, such as savings or money market accounts, are ineligible for enrollment in the Integrated Payables Services.

4. ELIGIBLE PAYEES; RIGHT TO LIMIT PAYEES. The Integrated Payables Services may be used by Customer for U.S. Payees only for ACH payments, and international for Virtual Card and check payments. The Bank reserves the right to restrict the persons or entities to which Customer may direct a payment through the Integrated Payables Services (each a "Payee"). Bank also reserves the right to restrict the categories of Payees that are eligible for the Integrated Payable Services payments. Any loss Customer incurs as a result of payments directed to restricted Payees or restricted categories of Payees, including, but not limited to, additional penalties or fines, is Customer's sole responsibility.

5. SECURITY PROCEDURES. Customer agrees that all Security Procedures contained in the Procedures for Customer's use of ACH Entries also apply to Integrated Payables Services ACH Entries. In addition, Customer also agrees to follow the separate security procedures of Bank's third party service provider with regard to registration for and use of the Integrated Payables portal. Customer also agrees to follow Bank's third party service provider's instructions and process for appointing additional Authorized Parties who are authorized by Customer to use the Integrated Payables Service on behalf of Customer. Customer must notify Bank AT ONCE in the event Customer has reason to believe that any of Customer's access number(s), password(s), log-in ID(s), personal identification number(s), Account number(s) or other Additional Authentication Information for either Bank or Bank's third party service provider's Integrated Payments portal have become known by any unauthorized person by calling (888) 481-0336. The security procedures used by Customer, Bank and Bank's third party service provider in connection with the Integrated Payables Service are used to verify the authenticity and legitimacy of communication, including, but not limited to, transfer instructions received by Bank or Bank's third party service provider in Customer's name, and are not intended to detect errors of such communication.

Furthermore, it is Customer's sole responsibility to notify Bank AT ONCE in the event an authorized person's access to the Integrated Payables Service should be revoked by calling (888) 481-0336. Bank is not liable or responsible to Customer for any transactions conducted by any user whose authority to use the Integrated Payables Service is no longer in effect until Bank has received notice from Customer and has had a reasonable amount of time to act upon such notice.

6. PROPRIETARY CONFIDENTIAL INFORMATION; LICENSE. The Integrated Payables Service constitutes proprietary and Confidential Information of Bank, Bank's third party service provider or any of either Bank or Bank's third party service providers other licensors and suppliers or vendors. Customer has a non-exclusive and non-transferable license to use such Confidential Information solely to the extent needed to utilize and receive the Integrated Payables Service. In addition to complying with all requirements of the "Confidentiality" provisions of the Procedures with regard to such Confidential Information, Customer agrees that Bank or Bank's third party service providers, as applicable, and their respective licensors and suppliers, retain all right, title and interest in and to the original, and any copies, of Integrated Payables Services and associated documentation. Customer agrees that ownership of all patent, copyright, trade secret, trademarks and other intellectual property rights pertaining thereto are protected by the intellectual property laws of the United States and other countries, as

applicable, and shall be and remain the sole property of Bank or Bank's third party service provider, as applicable, and their respective licensors and/or suppliers. Customer shall not be an owner of any copies of, or have any interest in, the Integrated Payables Service or associated documentation. Without limiting the generality of the foregoing, Customer shall be prohibited from, and shall agree not to: (i) modify, port, translate, localize, or create derivative works of the Integrated Payables Service or any component thereof; (ii) decompile, disassemble, reverse engineer or attempt to reconstruct, identify or discover any source code, underlying ideas, underlying user interface techniques or algorithms of the Integrated Payables Service by any means whatever, or disclose any of the foregoing; or (iii) sell, lease, license, sublicense, copy, market or distribute the Integrated Payables Service or use it as a service bureau. Customer agrees that Bank's third party service provider, and such service provider's licensors and/or suppliers for the Integrated Payables Service are intended third-party beneficiaries of this provision.

7. EXPRESS LIMITATIONS ON BANK'S LIABILITY; DISCLAIMER OF INTEGRATED PAYABLES SERVICE WARRANTIES. Customer understands and expressly assumes all risks related to Bank immediately suspending or terminating all or a portion of Customer's Integrated Payables Service under this Agreement. **CUSTOMER UNDERSTANDS AND EXPRESSLY ACKNOWLEDGES AND AGREES THAT, IN ADDITION TO THE LIMITATIONS ON LIABILITY SET FORTH ELSEWHERE IN THE AGREEMENT OR THE PROCEDURES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, NEITHER BANK NOR BANK'S THIRD PARTY SERVICE PROVIDER SHALL BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, INDIRECT, EXEMPLARY, SPECIAL OR PUNITIVE DAMAGES (INCLUDING, WITHOUT LIMITATION, LOSS OF REVENUE OR ANTICIPATED PROFITS) OR FOR ANY INDIRECT LOSS THAT CUSTOMER MAY INCUR OR SUFFER IN CONNECTION WITH BANK OR BANK'S THIRD PARTY SERVICE PROVIDER TERMINATING ALL OR A PORTION OF CUSTOMER'S INTEGRATED PAYABLES SERVICE.**

Additionally, Customer shall scan the front and back of each Original Check to be deposited and transmit the image file to Bank containing the images of the MICR line and all other required data and information from or pertaining to such Original Checks and related remittance information to Bank. Customer may send multiple image files to Bank throughout the day and from multiple Customer physical locations if such multiple locations are approved by Bank. If after examination of an image file and the Electronic Images and other information contained therein, Bank determines that Customer has complied with these provisions and processed and transmitted the image file in accordance herewith, the Electronic Images meet the requirements of these provisions, then Bank shall accept the image file (“Accepted File”) for deposit to Customer’s Account. Receipt of the file is identified thru the lockbox portal in the online banking platform. Notwithstanding the fact that Bank has accepted and received an image file for deposit, any credit of funds made to Customer’s Account shall be provisional, and Customer shall remain liable to Bank for any errors, inaccuracies, breach of warranties and any other losses sustained by, or claims made against, Bank. - 12. CONTINGENCY PLAN.** Customer agrees that, in the event Customer is not able to capture, balance, process, produce or transmit an image file to Bank, or otherwise comply with the terms hereof, for any reason, including communications, equipment or software outages, interruptions or failures, Customer will transport all Original Checks to the closest office or branch of Bank and deposit Original Checks with Bank until such time that the outage, interruption or failure is identified and resolved. - (e) No subsequent transferees of the Item, including Bank, a collecting or returning bank, drawer, drawee, payee or endorser, shall sustain a loss as the result of the fact that the Electronic Image was presented for payment or returned instead of the Original Check.

- (g) Customer conducts its business, and submits Electronic Images and image files in compliance with the Services documentation, and all applicable laws, rules and regulations.

If Electronic Images of Original Checks deposited by Customer are dishonored or otherwise returned unpaid by the drawee bank, or are returned by a clearing agent for any reason, including to issues relating to the quality of the Electronic Image, Customer understands and agrees that, since Customer either maintains the Original Check or has destroyed the Original Check, the Original Check will not be returned, and Bank may charge back an Electronic Image of the Original Check to Customer's Account. Customer understands and agrees that the Electronic Image may be in the form of an electronic or paper reproduction of the Original Check or a Substitute Check. Unless otherwise instructed by Bank, Customer agrees not to deposit the Original Check if an Electronic Image or other debit as previously described is charged back to Customer.

Remote Deposit Capture Services

- 1. THE SERVICE.** Bank agrees to provide commercial remote deposit services (“Commercial RDC”) whereby Customer can securely deposit large volumes of checks remotely.
- 2. AGREEMENT.** The terms and conditions of the Commercial RDC Service for conducting remote deposit capture are set forth in the Digital Deposits section of the Bank’s Deposit Account Agreement.
- 3. FUNDS AVAILABILITY POLICY DISCLOSURE – REMOTE DEPOSIT CAPTURE.**

(a) Funds Availability Policy Disclosure.

- (i) *Your Ability to Withdraw Funds.* These provisions apply only to demand deposit checking Accounts where deposits are made via Digital Deposits. “Digital Deposits” is defined in Section VII. B. of the Frost Bank Deposit Account Agreement and Other Disclosures as “Bank’s remote deposit capture services.” You agree that Electronic Images, as defined below, submitted via Digital Deposits (from either your computer or mobile device) are not subject to the funds availability requirements of the Federal Reserve Board’s Regulation CC (“Regulation CC”). Our policy is generally to make funds from your Digital Deposits available to you on the first Business Day after the day we receive your deposit. Funds that are deposited using Digital Deposits will not be deemed “received” by us until we have received an Electronic Image that meets all of the requirements for deposits via Digital Deposits (including all requirements to create a Substitute Check) stated in this Agreement, the Frost Bank Deposit Account Agreement and Other Disclosures, and in the Digital Deposits documentation. An Electronic Image may not be completely “received” even if successfully captured initially via scanner or mobile device until the Frost Bank internal Electronic Image verification process is complete, which can take from 24 – 48 hours. Consequently, even if an Electronic Image captured via scanner or mobile device is initially accepted for image quality, the Frost internal verification process may ultimately reject an Electronic Image as not meeting all of our requirements for Digital Deposits. If Frost has made any funds available to you from an Electronic Image that is initially accepted but ultimately rejected through the Frost Bank Internal Image verification process, Bank will reject the Electronic Image and reverse the dollar amount of such rejected Electronic Image previously credited to your Account. An Electronic Image rejected in this manner is not deemed “received” by us.

Once the funds are available, you can withdraw the funds in cash and we will use the funds to pay Items and transactions drawn on your Account. For determining the availability of your deposits, every day is a Business Day, except Saturdays, Sundays, and federal holidays. If you make deposit via Digital Deposits on a day that is not a Business Day, we will consider such deposit made on the next Business Day we are open.

- (ii) *Longer Delays May Apply.* In some cases, we will not make all of the funds that you deposit via Digital Deposits available to you on the first Business Day after the day of your deposit. Depending on the type of check that you deposit via Digital Deposits, funds may not be available until the second (2nd) Business Day after the day of your deposit. The first \$275 of your Digital Deposits, however, will be available on the first Business Day after the day of your deposit. If we are not going to make all of the funds from your Digital Deposits available on the first Business Day after the day of your deposit, we will notify you at the time you make your deposit. We will also tell you when the funds will be available.

In addition, funds you deposit by check may be delayed for a longer period under the following circumstances:

- We believe a check you deposit will not be paid.
- You deposit checks totaling more than \$6,725 on any one (1) day.
- You redeposit a check that has been returned unpaid.
- You have overdrawn your Account repeatedly in the last six (6) months.
- There is an emergency, such as failure of computer or communications equipment.

The availability of funds you deposit via Digital Deposits may also be delayed for a variety of additional reasons as determined in Bank's sole discretion, including, but not limited to:

- We believe a check you deposit via Digital Deposits is a duplicate image.
- You deposit checks via Digital Deposits totaling more than any applicable daily dollar amount limit, monthly Item limit or any other limitations on your Digital Deposits that Bank may impose.
- We exercise our rights to investigate any unusual or suspicious Digital Deposits Items as determined in Bank's sole discretion.

We will generally notify you if we delay your ability to withdraw funds for any of these or other reasons, and we will attempt to tell you when such funds will be available. If you will need the funds from a deposit via Digital Deposits, you should contact us to inquire when the funds will be available.

- (iii) *Funds Availability Holds on Other Funds (Check Cashing).* If we cash a check for you that is drawn on another bank, we may withhold the availability of a corresponding amount of funds that are already in your Account. Those funds will be available at the time funds from the check we cashed would have been available to you if you had deposited the check.

- (iv) *Funds Availability Holds on Other Funds (Other Accounts).* If we accept for deposit a check that is drawn on another bank, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another Account with us. The funds in the other Account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure for the type of check that you deposited.

4. LIMITS. Customers using Commercial RDC are subject to different limits as determined by Bank, in its sole discretion, than consumer customers. Bank establishes certain per deposit limits based on the expected deposit activity Customer communicates to Bank. Bank may, in its sole discretion, permit Customer to deposit checks in excess of the pre-established limit. Customer may request to raise its deposit limit for Commercial RDC.

5. PROHIBITED ITEMS. Customer may not process any Prohibited Checks through Commercial RDC.

Remote Processing and Presentment Services

- 1. THE SERVICE.** Bank agrees to provide “Remote Processing and Presentment Services” (“RPPS”) for the purpose of improving collections and increasing availability of funds in selected Deposit Accounts, as Customer identifies to Bank, through Bank’s affiliation with third-party RPPS aggregator network and an affiliation with a Bill Pay originator to maximize the conversion of paper remittances into electronic transactions.
- 2. CUSTOMER REMITTANCES.** Bank will accept and process electronic remittances due Customer (also known as the “Biller” for this RPPS Service) received from Biller’s clients pursuant to the Agreement and consistent with the terms of this Agreement, the Deposit Account Agreement, and the Service described herein for credit to Biller’s specified “Deposit Account” with Bank.
- 3. PROCESSING PROCEDURES.** Bank will act as the concentrator for single interface between Biller and the third-party RPPS aggregator network. As such, Bank will setup and assign Biller an ID, and for any also-know-as (“AKA”) names, remittance addresses, and Account maskings to collect funds from multiple input channels for credit to Biller’s Deposit Account, as well as deliver payment detail information supporting such payments to Biller.
 - (a) Online Bill Payment. Through the use of online bill payment, Biller’s clients are able to make payment through various programs available from both financial and non-financial originators (“Originators”), who act as the disbursement channel between Biller and its clients.
 - (b) Biller Service Provider. Bank, as the biller service provider or concentrator, receives both payment settlement funds and supporting payment information from Originators through its third-party RPPS aggregator, and vendor originator. The electronic communication of client payment data between the third-party RPPS aggregator and Bank is accomplished by means of File Transfer Protocol (“FTP”).
 - (c) Delivery of Electronic Remittance Information. Client payment data is forwarded to Biller by Bank using automated clearing house (“ACH”) Customer Initiated Entry (“CIE”) Standard Entry Class format at 6:00 a.m. Central Time. Use of such ACH machine readable formatting with CIE provides transaction data in an importable file form acceptable to Biller’s receivable system to automate posting to client’s records and mitigate posting errors. As an alternative, client payment data may be provided in Excel format via secure email.
 - (d) Funds Settlement. Bank credits Biller’s Deposit Account with each day’s settlement funds for corresponding payment data described in Section 3(c) above by 11:30 am Central Time.
- 4. DISCLAIMER OF WARRANTIES.** IN ADDITION TO ANY OTHER DISCLAIMER OR WARRANTIES CONTAINED IN THIS AGREEMENT, BANK MAKES NO WARRANTY OF ANY KIND, EXPRESSED OR IMPLIED, WITH RESPECT TO THE THIRD-PARTY RPPS AGGREGATOR NETWORK OR ANY SERVICES PROVIDED BY SUCH ENTITY, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OR MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

- 1. THE SERVICE.** Bank agrees to provide various “Spot Foreign Exchange Transaction Services” through Bank’s Commercial Online Banking Services for the purpose of entering into foreign exchange transactions on a cash, tomorrow (TOM) and/or spot basis (collectively, “FX Transactions”). All FX Transactions are entered into in reliance on the fact that these Treasury Management Services – Procedures, Terms and Conditions and the agreed terms of all FX Transactions and any confirmations thereof (each, a “Confirmation”) form a single agreement between the parties, and the parties would not otherwise enter into any FX Transactions. In the event of any inconsistency between the provisions of any Confirmation and these Treasury Management Services – Procedures, Terms and Conditions, such Confirmation shall prevail for purposes of the relevant FX Transaction. In the event of any inconsistency between the General Provisions of these Treasury Management Services – Procedures, Terms and Conditions and these Spot Foreign Exchange Transaction Service Specific Provisions of these Treasury Management Services – Procedures, Terms and Conditions with respect to FX Transactions, these Spot Foreign Exchange Transaction Service Specific Provisions shall prevail for purposes of FX Transactions. All Customers, including foreign Customers, must maintain, at a minimum, a demand deposit account with Bank in order to engage in FX Transactions.
- 2. EXECUTION PROCEDURES.** Unless Bank and Customer have agreed in writing upon one or more alternative methods of requesting and providing quotations for, executing, and confirming FX Transactions (which methods may include the use of electronic and/or internet based platforms), the following procedures shall apply. Upon Customer request, Bank may, in its sole discretion from time to time, provide Customer by telephone or electronic means with a quote (“Quote”) at which Bank shall execute an FX Transaction. Such Quote shall include (as applicable) the amount of each currency that Bank and Customer shall buy or sell and the date on which such currencies shall be delivered (each, a “Value Date”) under the FX Transaction. Additional fees and costs separately disclosed to Customer for wires and other Bank services shall also apply. If Customer accepts the Quote at the time it is offered by Bank, then the parties shall be bound by the terms of the Quote and an FX Transaction shall result in accordance with the terms of the Quote. If Customer does not accept the Quote at the time it is offered by Bank, then the Quote shall terminate and be withdrawn and no FX Transaction shall result. With respect to each FX Transaction, Customer is obligated to access Bank’s Commercial Online Banking Services in order to promptly authenticate wire instructions consistent with the agreed terms of the FX Transaction. Bank shall not be obligated to issue a written Confirmation for any executed FX Transaction, but it may do so in its sole discretion. Absent manifest error, the terms of an FX Transaction set forth in any related Confirmation shall be presumed correct. Failure by Bank to send a Confirmation, or of Customer to respond to a Confirmation, shall not affect the validity or enforceability of any FX Transaction.
- 3. OBLIGATIONS; CONDITION PRECEDENT.**

 - (a) Each party shall make its agreed payment or delivery of currency under each FX Transaction on the agreed Value Date, subject to (i) the condition precedent that no Event of Default or Potential Event of Default (as such terms are defined herein) with respect to the other party has occurred and is continuing and (ii) Section 3(b) below. Currency payments and deliveries shall be made in same-day freely transferable funds to a reasonably acceptable bank account specified by the payee to the payor.
 - (b) In connection with each FX Transaction, Customer hereby authorizes Bank and each of its Affiliates, at any time in its sole discretion and without notice of any kind, to (i) withdraw any balances from, and/or to debit, any account of Customer maintained with Bank or any of its Affiliates for an amount up to Customer’s required payment or delivery and (ii) apply the amount so withdrawn and/or debited to the satisfaction of Customer’s obligations under the FX Transaction. For purposes of the foregoing, if the currency of Customer’s payment or delivery obligation under an FX Transaction is different from the currency of the balance in Customer’s account, Bank may convert the account currency into the currency Customer is obligated to pay or deliver at the prevailing rate of exchange determined by Bank in good faith. In addition, at any time in its sole discretion and without notice of any kind, Bank can condition the performance of Bank’s obligations with respect to any FX Transaction upon Bank having received satisfactory confirmation that Customer’s payment or delivery with respect to such FX Transaction has been satisfied in full. If settlement cannot be affected because the Value Date is not a Business Day, the Value Date shall be the next following Business Day.

- 4. PAYMENT AND NOVATION NETTING.** If the same currency would be due from both parties in respect of the same Value Date under two or more FX Transactions, then, at Bank's election upon notice to Customer that "payment netting" applies, the settlement obligations of the parties in that currency on that Value Date shall be netted and discharged automatically; provided that if one party's settlement obligation in that currency on that Value Date would have been greater than that of the other party, then such party's obligation shall be replaced by an obligation to pay or deliver the remaining net difference in such currency to the other party on such Value Date. In addition, at Bank's election upon notice to Customer that "novation netting" applies, all FX Transactions with the same Value Date and the same currencies shall be netted and combined into a single FX Transaction automatically without either party taking any further action.
- 5. DEFAULT INTEREST.** To the extent permitted by law, interest shall be payable (both before and after judgment) on demand on any overdue amount at a rate per annum equal to (i) the cost at which the payee in good faith determines it could fund that amount, plus (ii) 3% per annum computed on a 360 day year basis for actual days elapsed.
- 6. REPRESENTATIONS.** In addition to Customer representations and warranties contained in the General Provisions of these Treasury Management Services – Procedures, Terms and Conditions, the party indicated below represents and warrants (which representations shall be deemed to be made on each date on which an FX Transaction is offered or entered into) to the other party as follows:
- (a) Intentions. (i) Each party intends that each FX Transaction shall create an enforceable delivery obligation of one or more currencies, and each party has the requisite ability to make and take payment or delivery of such currencies in connection with its line of business pursuant to the agreed terms of such FX Transaction and (ii) Customer represents to Bank that it is entering into each FX Transaction for the purpose of hedging or mitigating, in whole or in part, its current (or reasonably anticipated) economic, financial or commercial risk in connection with its assets, liabilities or operations, and not for any speculative, investment or trading purpose;
- (b) ERISA Inapplicable. Each party is not (i) an employee benefit plan as defined in Section 3(3) of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), or a plan as defined in Section 4975(e)(1) of the Internal Revenue Code of 1986, as amended (the "Code"), subject to Title I of ERISA or Section 4975 of the Code, or a plan as so defined but which is not subject to Title I of ERISA or Section 4975 of the Code but is subject to another law materially similar to Title I of ERISA or Section 4975 of the Code (each such plan, an "ERISA Plan"), (ii) a person or entity acting on behalf of an ERISA Plan, or (iii) a person or entity the assets of which constitute assets of an ERISA Plan; and
- (c) Arm's Length Relationship. For each FX Transaction (including any amendment, transfer or termination concerning an FX Transaction) (i) it acts as principal and not as agent, (ii) it acknowledges that the other party acts only at arm's length and is not its agent, broker, advisor or fiduciary in any respect for the FX Transaction, (iii) it is relying solely upon its own evaluation of the FX Transaction (including the present and future results, consequences, risks, and benefits thereof, whether financial, accounting, tax, legal, or otherwise) and upon advice from its own professional advisors, (iv) it understands the FX Transaction and associated risks, has determined they are appropriate for it, and willingly assumes those risks, and (v) it has not relied and shall not rely upon any evaluation or advice (including any recommendation, opinion, or representation) from the other party, its Affiliates or the representatives or advisors of the other party or its Affiliates (except written representations made herein).
- 7. COVENANTS.** In addition to Customer covenants contained in the General Provisions of these Treasury Management Services – Procedures, Terms and Conditions, Customer agrees with Bank that, so long as Customer has or may have any obligation under these Spot Foreign Exchange Transaction Service Specific Provisions or under any Credit Support Document (as hereinafter defined):
- (a) Customer shall promptly submit to Bank such information relating to the affairs of Customer and any Credit Support Provider (as hereinafter defined) of Customer, including periodic financial statements and tax returns, as Bank may reasonably request; and

(b) Customer shall comply with the terms of each contract, agreement or instrument, if any, outstanding from time to time and relating to any loan or extension of credit from Bank or any of Bank's Affiliates to Customer (each, a "Financial Agreement").

8. EVENTS OF DEFAULT. In addition to the events giving Bank a right of termination under the General Provisions of these Treasury Management Services – Procedures, Terms and Conditions, each of the following events is an "Event of Default" under these Spot Foreign Exchange Transaction Service Specific Provisions with respect to the party indicated below (the "Defaulting Party"):

- (a) A party fails to make, when due, any payment or delivery required to be made by it under or in relation to these Spot Foreign Exchange Transaction Service Specific Provisions (including without limitation any FX Transaction), if such failure is not remedied immediately after notice of such failure is given to the party;
- (b) A party fails to comply with or perform any agreement, covenant or obligation hereunder (other than making a payment or delivery described immediately above), if such failure is not remedied within two (2) Business Days after notice of such failure is given to the party;
- (c) A party or, in the case of customer, its Credit Support Provider (i) becomes insolvent or is unable generally to pay its financial obligations as they come due, (ii) commences or has commenced against it any bankruptcy, insolvency, receivership or conservatorship proceeding, or (iii) terminates its existence or dissolves;
- (d) A party makes any material misrepresentation hereunder, or in the case of Customer, its Credit Support Provider makes any material misrepresentation under any Credit Support Document;
- (e) In the case of Customer, the occurrence of (i) any default or event of default (however described) under a Financial Agreement or any documentation related thereto or any Credit Support Document (after giving effect to any applicable notice or grace period), or (ii) any other event or condition (however described) that would permit the acceleration of any loan or extension of credit outstanding under any Financial Agreement;
- (f) In the case of Customer, (i) any Credit Support Document in effect at any time terminates, expires or otherwise ceases or fails to be in full force and effect (other than in strict accordance with its terms) or (ii) Customer or any Credit Support Provider of Customer disaffirms, repudiates or challenges the validity of any Credit Support Document; and
- (g) In the case of Customer, a default, event of default or other similar condition or event (however described) in respect of Customer or any Credit Support Provider or Affiliate of Customer has occurred under one or more financial contracts with a party other than Bank, resulting in any financial obligation becoming, or becoming capable at such time of being declared, due and payable on an accelerated basis.

"Credit Support Document" means any document or instrument (including any document or instrument comprising all or any part of the documentation related to any Financial Agreement) which by its terms guarantees, secures, collateralizes or otherwise provides credit support for the obligations of Customer hereunder from time to time, whether or not these Spot Foreign Exchange Transaction Service Specific Provisions or any FX Transaction is specifically described therein.

"Credit Support Provider" means any party (other than Bank or Customer) from time to time a party to a Credit Support Document.

"Potential Event of Default" is any event which, with the giving of notice and/or the lapse of time, would be an Event of Default.

9. EARLY TERMINATION; SETTLEMENT AMOUNT.

- (a) In addition to the termination provisions contained in the General Provisions of these Treasury Management Services – Procedures, Terms and Conditions, if any Event of Default has occurred and is continuing, the non-

Defaulting Party may notify the Defaulting Party specifying the relevant Event of Default and designate as the early termination date (“Early Termination Date”), in respect of all outstanding FX Transactions, any Business Day not earlier than one (1) day after (and not more than ten (10) days after) the day such notice is given. If notice designating an Early Termination Date is given, the Early Termination Date shall occur on the date so designated whether or not the relevant Event of Default is continuing on such date, and all FX Transactions then outstanding shall be deemed to terminate as of such date.

(b) In connection with an Early Termination Date, Bank will, acting in good faith and a commercially reasonable manner, determine the net amount due from (or to) the non-Defaulting Party as of the Early Termination Date in respect of these Spot Foreign Exchange Transaction Service Specific Provisions and all FX Transactions (the “Settlement Amount”). In doing so, Bank shall take into account (i) the material terms of all FX Transactions terminated and the gains/losses of the non-Defaulting Party under then prevailing circumstances in replacing (or providing the non-Defaulting Party with the economic equivalent of) the terminated FX Transactions and (ii) any payments and deliveries under FX Transactions that were deferred or suspended (and not made) due to the occurrence of the Event of Default and subsequent designation of an Early Termination Date. Bank’s determination of the Settlement Amount shall also include, as applicable, any loss or cost incurred by, or gain received by, the non-Defaulting Party in terminating, liquidating, or reestablishing any hedges related to such terminated FX Transactions. The Settlement Amount will not take into account any out-of-pocket expenses, including legal fees and costs of collection, otherwise recoverable by the non-Defaulting Party under these Spot Foreign Exchange Transaction Service Specific Provisions. Bank shall provide written notice of the Settlement Amount (and supporting calculations in reasonable detail) to Customer. The Settlement Amount is due and payable on the Business Day immediately following the day notice thereof is given. The conditions precedent in Section 3(a) of these Spot Foreign Exchange Transaction Service Specific Provisions do not apply to payment of the Settlement Amount.

10. CONTRACTUAL CURRENCY. The receipt or recovery by a party (whether pursuant to these Spot Foreign Exchange Transaction Service Specific Provisions or legal proceedings) of currency different from the currency required under an FX Transaction or these Spot Foreign Exchange Transaction Service Specific Provisions shall discharge the obligation to deliver the required currency only to the extent that the party in the ordinary course of business and acting in good faith is able to purchase at prevailing exchange rates the amount of currency due with the amount of other currency received, and the other party shall remain liable in the required currency for any shortfall as a separate and independent obligation hereunder, which obligation shall be enforceable as a separate cause of action. In addition, the other party shall indemnify the recipient against any costs of making any such currency purchase.

11. COUNTERPARTS. These Spot Foreign Exchange Transaction Service Specific Provisions may be executed and delivered in counterparts (including by facsimile transmission or scanned document), each of which shall be deemed an original. The parties intend that they are legally bound by the terms of each FX Transaction from the moment they agree to those terms (whether orally or otherwise).

12. SET-OFF. In addition to the set-off provisions contained in the General Provisions of these Treasury Management Services – Procedures, Terms and Conditions and in the Depository Agreement, if an Event of Default occurs and is continuing with respect to Customer, Bank shall have the right (but not the obligation), without prior notice to Customer or any other person or entity, to set-off any obligation of Customer owing to Bank (whether or not arising under these Spot Foreign Exchange Transaction Service Specific Provisions and whether absolute, matured, liquidated, contingent, or otherwise) against any obligation of Bank owing to Customer (whether or not arising under these Spot Foreign Exchange Transaction Service Specific Provisions and whether absolute, matured, liquidated, contingent, or otherwise). Nothing contained in this Section 12 shall be effective to create a charge or other security interest. This Section 12 shall be without prejudice and in addition to any right of set-off, lien or other right to which Bank is at any time otherwise entitled (whether by operation of law, contract or otherwise). If an obligation being set-off is unascertained, Bank may in good faith estimate that obligation and set-off in respect of the estimate, subject to accounting to Customer when the obligation is ascertained. Bank shall give subsequent notice to Customer of any set-off affected hereunder.

13. ANCILLARY DOCUMENTS. In addition to Customer documentation provisions contained in the General Provisions of these Treasury Management Services – Procedures, Terms and Conditions, at or before the time

Customer executes and delivers these Spot Foreign Exchange Transaction Service Specific Provisions to Bank (and if requested by Bank, at or before the time of executing any FX Transaction with Bank), Customer shall also deliver to Bank (i) organizational, authority and signature/incumbency documentation, reasonably satisfactory to Bank, for Customer and any Credit Support Provider of Customer, (ii) any documentation reasonably requested by Bank in order to comply (or prove compliance) with applicable banking and commodities law, and (iii) any Credit Support Document requested by Bank as a condition to entering into these Spot Foreign Exchange Transaction Service Specific Provisions or any FX Transaction.

15. SUPERSEDING AGREEMENT AND REQUIRED REPORTING. In the event that the parties to these Spot Foreign Exchange Transaction Service Specific Provisions have entered, or hereafter enter, into either (i) a foreign exchange master agreement (which by its terms purports to encompass FX Transactions and other and further types of foreign exchange transactions like forward agreements and/or currency options) or (ii) a standardized master agreement published by the International Swaps and Derivatives Association, Inc. (“ISDA”) (in either case, (i) or (ii), a “Master Agreement”), then the terms of these Spot Foreign Exchange Transaction Service Specific Provisions shall be superseded by the terms of such Master Agreement, and FX Transactions hereunder shall be subject to the terms of such Master Agreement. Notwithstanding anything in these Spot Foreign Exchange Transaction Service Specific Provisions or any other agreement in effect between the parties, Bank shall be entitled to report information with respect to these Spot Foreign Exchange Transaction Service Specific Provisions and each FX Transaction as may be required by law or regulation or requested by any governmental authority, subpoena, or investigation.

16. MISCELLANEOUS. These Spot Foreign Exchange Transaction Service Specific Provisions evidences a binding contract, is the entire agreement and understanding of the parties as to its subject matter, and may be amended only by written agreement of the parties. No one other than the parties hereto shall have any rights hereunder, and any purported transfer of rights or obligations under these Spot Foreign Exchange Transaction Service Specific Provisions without the other party’s prior written consent is void; provided that any claim against the Defaulting Party for or relating to the Settlement Amount may be freely transferred by the non-Defaulting Party. Rights and remedies hereunder are cumulative and not exclusive of any available at law or in equity or in any Credit Support Document. The Defaulting Party shall indemnify the non-Defaulting Party on demand for all reasonable out of pocket expenses, including reasonable legal fees and costs of collection, incurred in enforcing these Spot Foreign Exchange Transaction Service Specific Provisions or any Credit Support Document.

17. TAXES. In addition to the tax provisions contained in the General Provisions of these Treasury Management Services – Procedures, Terms and Conditions, if Customer is required by any applicable law to withhold or deduct from any payment under these Spot Foreign Exchange Transaction Service Specific Provisions for or with respect to any tax, Customer shall: (i) promptly notify Bank of such requirement, (ii) pay to the relevant authorities the full amount required to be deducted or withheld (including the full amount required to be deducted or withheld from any additional amount paid to Bank under this Section 17) promptly upon the earlier of determining that such deduction or withholding is required or receiving notice that such amount has been assessed against Bank, (iii) pay to Bank, in addition to the amount to which Bank is otherwise entitled under these Spot Foreign Exchange Transaction Service Specific Provisions, such additional amount as is necessary to ensure that the net amount actually received by Bank (free and clear of all taxes) will equal the full amount Bank would have received had no such deduction or withholding been required. For the avoidance of doubt, if Bank is required by any applicable law to withhold or deduct from any payment under these Spot Foreign Exchange Transaction Service Specific Provisions for or with respect to any tax, Bank shall (a) pay to the relevant authorities the full amount required to be deducted or withheld, and (b) pay to Customer, net of the amount so withheld or deducted, its agreed payment or delivery pursuant to Section 3. Customer shall pay any stamp tax levied or imposed upon it or in respect of its execution or performance of these Spot Foreign Exchange Transaction Service Specific Provisions by a jurisdiction in which it is incorporated, organized, managed and controlled, or considered to have its seat, or in

which a branch or office through which it is acting for the purpose of these Spot Foreign Exchange Transaction Service Specific Provisions is located (“Stamp Tax Jurisdiction”) and will indemnify Bank against any stamp tax levied or imposed upon Bank or in respect of Bank’s execution or performance of these Spot Foreign Exchange Transaction Service Specific Provisions by any such Stamp Tax Jurisdiction.

Bank, its correspondent banks, and other banks involved in the funds transfer process may charge additional fees, or convert currency, in some cases providing compensation to Bank. Bank may deduct its fees from Customer’s Account(s) or from the amount of the wire transfer. Bank may include Customer’s name, address and other required information within the wire transfer instruction, so Bank may comply with international and foreign payment regulations and requirements.

BANK MAKES NO REPRESENTATION OR WARRANTY AS TO ITS ABILITY TO REVOKE OR CANCEL A WIRE TRANSFER ONCE MADE.**

This reference number will appear on the confirmation advice and periodic Deposit Account statement sent to Customer. All correspondence relating to a specific funds transfer request must include the reference number assigned to such funds request.
