

Frost Commercial Mobile Deposit

A Mobile App That Allows You to Deposit Checks Anywhere, Anytime

The Frost Commercial Mobile Deposit App allows you to easily deposit one or multiple checks remotely from your Android or iOS smartphone or tablet to your Frost commercial checking accounts anywhere, anytime. You also can submit deposits for supervisor review on the Frost Remote Deposit Capture (RDC) desktop system or Frost Commercial Mobile Deposit App before they are transmitted to the bank.

WHY YOUR ORGANIZATION NEEDS FROST COMMERCIAL MOBILE DEPOSIT

Frost Commercial Mobile Deposit is a secure and safe way to deposit checks. Not only does this mean more organizational efficiency, better use of human resources and more security for your funds, but also an improved cash flow. This means you can:

- Make deposits whenever and wherever you want from your mobile device
- Reduce trips to a financial center
- Have early access to funds by submitting deposits right after receiving check payments
- View and manage remotely captured deposits from the mobile app or desktop system

GETTING STARTED

If you are currently a Frost RDC customer, getting started is easy. Frost Commercial Mobile Deposit is an extension of Frost RDC. This service is available in conjunction with your RDC scanner or as the sole capture device, depending on your needs. To get started with Frost Commercial Mobile Deposit, contact your Frost treasury management representative.
