**FROST BANK CHOOSES MINERALWARE AS ITS
MINERAL MANAGEMENT SOFTWARE**

San Antonio, TX (Thursday, Sept. 14, 2017) Frost Wealth Advisors announced today that it has chosen MineralWare for its mineral management software. MineralWare is the state-of-the-art software platform that makes managing minerals, royalties, and non-operated working interests less complicated and more profitable.

MineralWare will deliver Frost and its customers critical information faster than ever before. Customers and the professional property managers of Frost Wealth Advisors will have this powerful tool to manage minerals more efficiently and effectively, which in turn will allow them to maximize returns, reduce uncertainty, and gain valuable insights across their portfolios. The onboarding process is underway and includes current and new client accounts.

“MineralWare will revolutionize the way we manage minerals and help maximize returns on our customers’ mineral portfolios,” said Pat Frost, President of Frost Bank. “It is another example of our commitment to providing our customers with the best customer experience and technology available.”

Ryan Vinson, CEO and Co-Founder at MineralWare stated, “We are thrilled to do business with Frost and excited about the tremendous opportunity to better serve their customer base. This is just another example of how Frost has embraced technology and harnessed it to transform their business. This is only the beginning of something extraordinary and we are proud to be a part of it.”

About Frost Bank

Frost is the banking, investments and insurance subsidiary of Cullen/Frost Bankers, Inc. (NYSE: CFR), a financial holding company with \$30.2 billion in assets at June 30, 2017. One of the 50 largest U.S. banks by asset size, Frost provides a full range of banking, investments and insurance services to businesses and individuals in the Austin, Corpus Christi, Dallas, Fort Worth, Houston, Permian Basin, Rio Grande Valley and San Antonio regions. Founded in 1868, Frost has helped Texans with their financial needs during three centuries. Frost’s Mineral Asset

Management department is one of the largest in the country and manages over 700 mineral accounts across 25 states. For more information, visit www.FrostBank.com

About MineralWare

MineralWare is the leading software platform for managing minerals, royalties, overriding royalties, and non-operated working interests.
